

## MEXICAN CRISIS SEEMS DISSIPATED

Early Resumption of  
Friendly Diplomatic Con-  
versations Expected

## NOTE FRIENDLY IN TONE

Carranza Proposes Differences  
Be Settled By Mediation or  
Direct Negotiations

## REMARKABLE FOR BREVITY

WASHINGTON, July 5.—Early resumption of friendly diplomatic conversations with the de facto government of Mexico to the end that peace and order may be restored in Northern Mexico and along the border is expected here to be the next step of the United States in its relations with its southern neighbor.

Crisis Appears Dissipated  
The crisis precipitated by Villa's raid on Columbus, N. M., and culminating in the fight at Carrizal, Mexico, between American and Mexican troops, appeared tonight to have been dissipated by an amicable note from General Carranza presented during the day by his ambassador designate here, Eliseo Arredondo.

The note proposes that the difference between the governments be settled by mediation or by direct negotiations. It is remarkable for its brevity, its restrained and friendly tone and for the absolute lack of any of the strong, even insolent language which characterized the last two communications from the de facto government. It treats as a closed incident the exchange of unfriendly communications which brought war almost within sight. No formal comment on the note was obtainable from state department officials. A copy was forwarded to the white house immediately on its receipt and President Wilson will determine on the course to be pursued. The fact that Secretary Lansing completed preparations today for a month's vacation to begin Friday is regarded as significant however of a feeling on his part that the crisis is over. As a matter of general principle the Washington government always has favored mediation of any dispute suitable for such procedure.

## May Negotiate Directly

There is every indication, however, that in the present instance it will be deemed desirable to conduct the coming negotiations directly with the Carranza government. Members of the Latin-American diplomatic corps here are expected to make inquiry soon as to the attitude of the Washington government, in view of the statement of the Mexican foreign office that it awaits only a decision here as to whether mediation or direct negotiations would be preferable. Indications tonight were that the inquiries would be met with assurances that the two governments had reached a stage where they would not find it necessary to call upon the friendly services of their neighbor states.

It is not known whether a formal reply to General Carranza's note is contemplated.

Diplomatic usage does not call for one and many officials feel that more can be accomplished thru informal discussion between Mr. Arredondo and Counselor Polk, who will act as secretary in Mr. Lansing's absence, than could be hoped for in any other way. It is understood Mr. Arredondo plans to call at the department tomorrow to say good bye to Secretary Lansing before his departure for his vacation. Probably the preliminary steps necessary for the inauguration of informal discussion will be taken then.

## Officials Appear Satisfied

State department officials appeared entirely satisfied with the definition of the matters to be settled outlined in the Mexican note. It is presented in this language, as translated at the embassy:

"The American government believes, reasonably that the insecurity of its frontier is a source of difficulty and the Mexican government on its part believes that the stay of American troops on Mexican territory aside from being a trespass on the sovereignty of Mexico, is the immediate cause of the conflicts. Therefore the withdrawal of American troops on the one hand and the protection of the frontier, on the other, are the two essential problems, the solution of which must be the directing object of the efforts of both governments."

## Outline Military Status Quo

Coupled with this definition is an outline of a sort of military status quo beyond the border which the de facto government suggests as a substitute for its previous demands for immediate withdrawal of the American troops. It is stated as follows:

"In the meantime (pending mediation or direct negotiation) this government proposes to employ all efforts that may be at its disposal to avoid recurrence of new incidents which may complicate and aggravate the situation. At the same time it hopes that the American govern-

## BODIES OF AMERICAN TROOPERS REACH JUAREZ

GEN. BELL ARRANGES FOR TRAIN TO  
CROSS TO EL PASO THIS MORNING

Undertakers Report They Were Able  
to Find Only the Bodies of Capt.  
Boyd, Lieut. Adair and Seven  
Troopers--Names of Troopers are  
Not Made Public

El Paso, Texas, July 5.—The bodies of Captain Charles T. Boyd, Lieutenant Henry T. Adair and seven troopers who fell with them at Carrizal were brought to Juarez shortly before midnight tonight aboard a special train from Villa Ahumada. General George Bell, Jr., commanding the El Paso military district announced that he had arranged for the train bearing them to cross the river to El Paso tomorrow morning. Military lists indicate that fourteen of the men who composed the Tenth Cavalry command, engaged at Carrizal, were missing. American undertakers who exhumed the bodies, reported that despite the co-operation of the Carranzista authorities they were able only to find the nine bodies buried near the battle field. The names of the troopers whose bodies were recovered were not made public tonight.

Hopes were expressed that some of the five soldiers who are yet missing, may be alive, perhaps lying wounded in some isolated Mexican hut. Belief was expressed that most of them must have died in the desert.

## U. S. SOLDIERS CROSS MEXICAN LINE IN PURSUIT OF DESERTER

DOUGLAS, Ariz., July 5.—United States soldiers of the border patrol here today made their first crossing into Mexican territory late today but returned to the Arizona side in a few minutes. The soldiers crossed the line in pursuit of Private Edward Stone, a deserter from the Arizona militia who escaped from the militia guard house near the boundary. He was arrested a few days ago on a charge of desertion. The private ran toward Agua Prieta, the Mexican town opposite here, a number of soldiers in pursuit. A number of shots were fired at Stone, who was captured after he had penetrated approximately 600 yards into Sonora. The shooting created some excitement on both sides of the line for several minutes. Stone was returned to the guard house. American mining men who came to the border from the interior of Sonora several weeks ago, when intervention appeared possible began planning today to return to the mines.

## MAY POSTPONE DEPARTURE.

Des Moines, Ia., July 5.—National guard officers at Camp Dodge, mobilization camp of the organized militia of this state, were of the opinion today that the pacific tone of Carranza's note in reply to Secretary Lansing's recent message, would result in the indefinite postponement of the departure of the Iowa troops for the border.

ment on its part may make use of all effort to prevent also new acts of its military and civil authorities of the frontier that might cause new complications."

While the object of the negotiations is thus clearly outlined and appears acceptable to the state department the subjects to be considered specifically will have to be arranged later. President Wilson has made it clear time and again that gradual withdrawal of the expeditionary force would be ordered once he was assured that Carranza forces would be employed actively in breaking up bandit preparation for new raids. It has been noted already that the Mexican troops have occupied and policed the territory relinquished by General Pershing as he drew his men northward. Many officials believe that this, taken in connection with the new assurances given in today's note, may lead to complete withdrawal of the force as soon as it is possible without endangering the border.

## Proposes Clock Be Turned Back.

In effect the latest note proposes that the clock be turned back to the time immediately following the Columbus raid and when negotiations were afoot for the passage of American troops into Mexico in pursuit of the raiders. Conditions have changed since then however, General Carranza having assembled a considerable army in Northern Mexico and the United States having called the entire national guard to the line for patrol duty. It is regarded as improbable that any plan for American pursuit of bandits except possibly within limited areas where a hot trail is followed and no Carranza troops are available will be discussed in the new negotiations. A plan for "border cantonments" to which reference is made in the note was proposed by General Obregon at his conference in El Paso with Major General Scott, chief of staff of the army. General Scott would not consider it then because it was founded on the stipulation that General Pershing's column would be withdrawn immediately. That stipulation in effect now is revoked and unquestionably American officials now will give the plan serious consideration.

## FRENCH COMPLETE ESTREES CONQUEST

Capture Entire Second  
Position of the Germans  
South of the Somme

## TAKE VILLAGE OF HEM

British Line Apparently Fails  
to Advance, Except Slightly  
in Certain Sectors

## HOLD CAPTURED GROUND

The entire second position of the Germans south of the Somme, over an extent of approximately six miles has fallen into the hands of the French who have also captured the village of Hem, near the northern extremity of their line, and have completed their conquest of Estrees.

British Hold Ground Gained  
The British line has apparently failed to advance, except slightly in certain sectors, as the British war office puts it. None of the ground gained by the British has been lost, however, and the further statement of the British that the fighting all along the battle front was mostly in the nature of local struggles for the possession of strong points would seem to indicate that each side is devoting particular attention to the organization of its positions and the strengthening of its hands for further attack or defense.

The number of German prisoners reported by the British and French has reached about 16,000, while the German casualties have been unofficially estimated at 60,000. On their part the Germans report the taking of a considerable number of British soldiers.

Comparative quiet for the time being has settled over Verdun although the bombardments of necessity, continue. But while the respite is on at Verdun the Germans have opened a new attack on the French lines near the Lorraine frontier some miles to the east of Luneville. They delivered strong assaults against the French trenches in this sector and entered them at three points only to be driven out shortly afterwards.

## Russians Cut Railroad

A success of the first importance is reported by the Russians, who claim to have cut the railroad running from Lemberg, the capital of main line of communication from the Austro-Germans defending Lemberg and allied military critics have insisted that the cutting of this railroad would compel the central powers to fall back on a wide front and place Lemberg in imminent peril.

The Russian war office, in a late communication also claims the rout of the enemy forces on the right bank of the Dniester.

The views expressed in Berlin respecting the Anglo-French offensive reflect confidence on the part of the Germans that the German line will hold and that German control of the territory now occupied in France and Belgium will remain steadfast. The successes so far attained by the French and British are looked upon as of minor importance.

Roumania Again Comes to Light  
Roumania has again come into the light, and talk has been revived of the possible entrance into the European war of that country.

Dispatches tell of the recent decision of the two strong opposing factions in the Roumanian political arena to act together hereafter. Their attitude is said to be in favor of intervention on the side of the entente allies.

Constantinople officially reports that the Russians have been driven out of Kermanshah, in Western Persia, while the Russians claim to have broken the Turkish line east of Baidar.

The number of Russian prisoners captured south of the Pripiet river in the month of June, according to the statement from Vienna by way of Berlin reached more than 22,000 men.

## RELEASE MEXICAN.

Tucson, Ariz., July 5.—Jesus M. Gonzales, deputy assessor of the state of Sonora, Mexico, arrested here more than a week ago on the charge of attempting to incite Mexicans, resident in Arizona to rise against Americans has been released after a thorough investigation by federal authorities here.

## CANNOT PAY FOR DEATHS RESULTING FROM WAR.

Spokane, Wash., July 5.—N. E. Nisum, chairman of the committee of appeals for the Grand Order of Eagles announced tonight he had decided that the lodge cannot be held to pay death benefits where death resulted from members of the organization going to war.

## WILL NOT BE A CANDIDATE.

Chicago, July 5.—Former Congressman Edward J. Murphy announced today that he would not be a candidate for the Republican nomination for governor.

## TELEGRAPHIC BRIEFS

WASHINGTON—The comptroller of the currency has issued a call for the condition of all national banks at the close of business on Friday, June 30.

ST. MARYS, Kan.—Four persons were shot, one probably fatally by robbers who escaped after having stolen \$2,400 from the St. Marys State Bank. The safe was wrecked.

SPRINGFIELD, Ill.—Governor Dunne appointed Joseph Sabath to the superior bench to fill the vacancy created by the death of Judge Richard E. Burke. Judge Sabath has been municipal judge in Chicago.

SPRINGFIELD, Ill.—The state banking department has issued a call for a statement from all state banks at the opening of business July 1.

YOSEMITE VALLEY, Calif.—A bandit, single handed, held up four stages at Wawona, just outside of the Yosemite Valley National Park and from 28 people collected \$100 in cash and an assortment of jewelry. Among the victims was G. Oetting of Chicago.

OTTAWA, Ill.—John Walter, of LaSalle, shot his wife to death and then committed suicide. The bodies were found in a bed room by their 17 year old daughter Margaret. He was 45 years old and a plumber.

COLUMBUS, N. M.—It was officially announced at military headquarters here that parts of the Massachusetts and New Mexico national guard organizations mobilized here will be sent into Mexico within the next few days to guard General Pershing's line of communication.

## RAINS ALONG BORDER SIGNALIZE ADVENT OF THE RAINY SEASON

Will Hamper Motor Truck Operations from Columbus South—Perishing Has Supplies for Sixty Days.

EL PASO, Texas, July 5.—Rains falling along this section of the border and over the Northern Chihuahua section today signaled the advent of the rainy season and increased difficulties in operating the motor transportation system to the American troops in Mexico. Army men here, while admitting that the rainy season will hamper motor truck operations from Columbus south, pointed out that General Pershing's command will not suffer as a result. Huge quantities of supplies have been concentrated at Colonia Dublan, El Valle and other points of the chain of bases. Stress was laid upon the fact that the expeditionary command now has on hand enough supplies to provide for its wants for sixty days.

Today's rains brought relief to thousands of sweltering national guardsmen here from Atlantic states. A number of trains carrying guardsmen reached here today and tonight. The New Jersey troops, consisting of two battalions of the fifth infantry and a detachment of sixty four recruits of the first infantry were ordered immediately to Douglas, Ariz., for station. The first Pennsylvania infantry arrived with the second and third expected to follow quickly.

## VIRTUALLY PERFECT AGREEMENT TO DISARM SANTO DOMINGO REBELS

WASHINGTON, July 5.—An agreement for disarmament of Santo Domingo revolutionists virtually has been perfected by a peace conference in which the various Dominican factions were represented, according to a despatch to the navy department today from Rear-Admiral Caperton. The conference is said to have paved the way for suspension of hostilities while further negotiations over the future form of the Dominican government are in progress.

## THREATEN TO KILL OFFICER

San Diego, Cal., July 5.—Attack on soldiers of the Carranza garrison at Santa Rosalia, Mexico, backed up against the wall of the customs house and threatened with death unless he shouted "viva Mexico." Lieutenant F. H. Wright, executive officer of the protected Cruiser Chattanooga only escaped being killed thru the appeals made by one of the head officers of the garrison, according to stories brought here today by Captain H. Anderson of the steamer Jini. Butler and passengers on the steamer ship.

## PROPOSAL FINDS LITTLE RESPONSE.

Washington, July 5.—A proposal from Republican senators that if action on the government shipping bill were deferred until the next session of congress they would join with the majority in an agreement setting a date for a vote found little response tonight when Senate Democrats met in caucus.

## ALLOWS ONE HIT IN TWO GAMES

Little Rock, Ark., July 5.—Altho Pitcher Apple of the Augusta, Arkansas baseball club yesterday pitched two full nine innings games and allowed but one hit, his team lost both contests because of errors. The Cotton Plant, Arkansas club opposed Augusta. In the first game Apple held Cotton Plant without a hit but lost 5 to 2. The second contest went to Cotton Plant 1 to 0 altho the later club got but one hit.

## CHEMIST TESTIFIES AT TRIAL OF ORPET

Dr. Wesener Says Poison  
Which Caused Death Was  
In Powdered Form

## GIVES SEVERAL REASONS

Testifies Cyanide Available to  
Orpet Was Weaker Than That  
Which Caused Girl's Death

## TO BE CROSS-EXAMINED TODAY

WAUKEGAN, Ill., July 5.—The contention of the prosecution in the case of Will H. Orpet, college student charged with the murder of 18 year old Marion Lambert, that cyanide of potassium in solution caused her death was dealt several blows today by Dr. J. A. Wesener, a chemist and toxicologist. The very root of the two theories as to Marion's death is involved in the question whether a supersaturation of the poison was used or whether it was taken in solid or powdered form. If solution the state contends that murder was committed, as no container was found after the tragedy, leaving only the explanation that Orpet took it away with him. The powdered poison however, could have been carried by the girl in a paper, and numerous natural causes would account for its disappearance.

Gives Reasons for Theory.  
Dr. Wesener gave a wealth of reasons for his theory that the cyanide was taken in powdered form.

He asserted also in reply to a hypothetical question, that the cyanide available to young Orpet in the greenhouse over which the defendant's father has charge, was so much weaker than that found in the girl's stomach that no combination of circumstances could have increased it to the strength of that which caused death.

Chemists for the state some time ago testified that the three white spots left on Marion's green outer coat were caused by a saturated solution of the poison. The depth to which the residue was imbedded in the fabric and the circular shape of the spots were pointed out as proving this theory. "Those spots," said Dr. Wesener today, "could not have been made by a supersaturation. I have experimented and found that the drops would not stay on the fabric at all but would roll off like globes of mercury or drops of water on a hot stove."

## Same True of Stains on Hand.

Witness asserted that same was true of stains on Marion's hand—they could have been left there only by a moist powder. A supersaturation he said would have rolled off as it would have from the coat. It would have left no mark, he said.

The theory of the defense as just how the poison was taken developed in the course of the examination of the witness. It was that she took the powder in her hand and removed it, or part of it, with her tongue. This motion, the powder remaining in her hand and it remained in the inequalities and lines of the hand. It was further moistened by a light fall of snow, and later by absorption of moisture when her cold body, which had lain in the snow for twenty four or thirty hours was put into a warm room.

Dr. Wesener will undergo cross-examination tomorrow.

## COOK COUNTY PROGRESSIVES TO PUT FULL TICKET IN FIELD

CHICAGO, July 5.—Cook county Progressives met today and decided to put a full county ticket in the field at the September primaries. Another meeting will be held tomorrow morning to frame a slate.

Charles E. Merriam and A. A. McCormick are spoken of or president of the sanitary board; Charles H. Sergel member of the board of review and John Siman for clerk of the superior court. County Chairman Thomas J. Gradon presided at today's preliminary caucus.

## FIND THREE MEXICANS ON TRAIN

Quincy, Ill., July 5.—Three Mexicans who were unable to give an account of themselves were found hiding on the tender of the first of three trains carrying the Fourth New Jersey infantry which passed thru here early this morning, following report that 25 Mexican section hands had left their camp in a body shortly before the train arrived. The three Mexicans were held until after the rains had left.

## HUGHES APPROVES PROPOSAL

New York, July 5.—Charles F. Hughes, here on a two days trip from his summer home at Bridgehampton, today approved the proposal of his advisers to have a liberal representation of the Progressive party on his campaign committee. This committee virtually will have entire charge of the campaign.

## SPRINGFIELD AGAIN WEARS PEACEFUL ASPECT

LAST OF MOBILIZED STATE TROOPS  
DEPART FOR BORDER

Gov. Dunne, Gen. Dickson and Col. Lewis Express Extreme Satisfaction With Whole Course of Mobilization Thru Which Illinois Contributed Between 10,000 and 12,000 Men.

Springfield, Ill., July 5.—Springfield again wears peaceful aspect, the last of the mobilized state troops having departed for the Mexican border early today. Governor Dunne, Adjutant General Dickson and Colonel E. M. Lewis chief mustering officer here, expressed their extreme satisfaction with the whole course of the mobilization, thru which Illinois contributed between 10,000 and 12,000 federalized militiamen to the American border patrol.

The delay between the time the various military organizations arrived at railroad stations here and the time at which the trains finally departed constitute the only source of complaint. With the exception of the First and Second, the departure of every infantry regiment and of the First Cavalry and the field artillery was delayed from 6 to 24 hours. The Seventh Infantry, the First Cavalry and the First Battalion of Field Artillery, each spent the night preceding their departure sleeping on the railroad station platform and in nearby streets. A preliminary investigation, according to Colonel Lewis, places the blame about equally on the shoulders of the military officers and the railroad officials.

A. B. and C. batteries, comprising the First Artillery Battalion, which was the last unit to depart, pulled out of Springfield this morning, the men were at the railroad station ready to entrain at 7 o'clock last night.

Today seven of the nine reserve medical officers, who comprised Major James Phalen's staff of examiners here, returned to headquarters of the Central Department, U. S. A. at Chicago.

## VILLISTAS AND DE FACTO TROOPS ENGAGE IN BLOODY BATTLE

CHIHUAHUA CITY, Mex., July 5.—via El Paso Junction.—General Ignacio Ramos was killed in a fierce and bloody battle that raged all yesterday at Corral ranch 15 miles southwest of Jiminez, between a small force of de facto troops and several regiments of Villistas. Both sides suffered heavy losses.

Rather than to retire to Jiminez without carrying out his orders, which were not to return unless he was able to report success, General Ramos fought to the death in his entrenchments, cheering his men on to the last. The Carranza troops held their position against repeated attacks. Odds against the defenders were heavy but they stuck to their guns in the hope that reinforcements soon would arrive.

## OPEN HEADQUARTERS FOR COLONEL'S VOLUNTEER DIVISION

NEW YORK, July 5.—Headquarters were opened here today for the volunteer division which Theodore Roosevelt had decided to organize in the event of war with Mexico. Regis H. Post, former governor of Porto Rico and a close personal friend of the colonel, who is in charge requested that all mail and despatches pertaining to the enlistment and equipment of the division be sent to the headquarters in this city instead of the Roosevelt home at Oyster Bay Long Island. Walter Hays who has been designated as "military secretary" to the former president is assisting Mr. Post. Thomas C. Desmond who was a supporter of Roosevelt in the campaign for the Republican presidential nomination and Col. Lawrence H. Grahame, a former rough rider gave out a statement in which he said they had undertaken to organize a regiment of engineers for Colonel Roosevelt's proposed division.

## REDFIELD ADDRESSES CONVENTION

New York, July 5.—William C. Redfield, secretary of commerce of the United States, addressing the convention of the national education association industrial education here tonight, declared that "if it be the spirit of academic education to preserve for the future ages the riches of all the ages past, it is the high ideal of vocational education to absorb the fruit of the ages and fertilize the field of labor so that each successive age shall produce more and more of that which shall bless the age to come."

## AUTHORIZE ACCEPTANCE OF COMMISSIONS.

Washington, July 5.—A list of twenty nine regular army officers authorized to accept commissions in the national guard was given out tonight by the war department. Under the new regulations only one regular officer may be assigned to a national guard regiment. The assignments were specifically requested by state authorities include: Captain Raymond Sheldon, Infantry, Lieutenant Colonel, Second Illinois Infantry.

## REPORT REVENUE BILL FAVORABLY

Measure is Designed to  
Produce About \$200,-  
000,000 More Revenue

## MAY BE PASSED MONDAY

Expect General Debate to Begin  
Today Under Special Rule  
for a Vote Monday

## SUMMARIZE FISCAL SITUATION

WASHINGTON, July 5.—The administration general revenue bill, designed to produce about \$200,000,000 of additional revenue from increased surtax on incomes and from taxes on inheritances and war munitions profits was favorably reported today by the house ways and means committee and probably will be passed by the house Monday.

Two Republican members of the committee, Longworth of Ohio and Gardner of Massachusetts voted with the Democrats for a favorable report but reserved the right to express during debate in the house their objections to the methods of the majority in framing the measure. Two other Republican committeemen, Green of Iowa, and Sloan of Nebraska, while they voted against reporting the bill, gave notice that they expected to support it on the final roll call.

General debate is expected to begin Thursday under a special rule providing for a final vote before adjournment Monday. That plan was definitely agreed on during the day by house leaders.

The committee report says that the necessity for revenue legislation "grows out of the necessary increase in appropriations for the army and navy and fortification of our country."

The fiscal situation is summarized in this way:  
"Estimated excess of disbursements over receipts for the fiscal year ending June 30th, 1917, \$256,322,000; additional receipts under the proposed bill income tax \$107,000,000, estate tax \$17,000,000 (and it is estimated that the annual receipts obtained from the estate tax will amount to \$54,000,000 when the law is in full operation) munition manufacture tax \$71,000,000, miscellaneous taxes \$2,000,000. Total additional receipts \$197,000,000. Balance to be taken from general fund \$69,322,000."

"It is estimated that the total appropriation for the fiscal year ending June 30th, 1917, will not exceed \$1,579,000,000. This includes \$123,000,000 to meet the extraordinary expenses of disbursements occasioned by the Mexican situation."

It is probable that no other country derives as much revenue per capita from the people thru consumption taxes as does the United States, the report says.  
Receipts from the income tax under the bill are estimated at \$227,000,000 annually. The proposed estate or inheritance tax is to be levied upon transfer of net estates, after deducting all valid claims and an additional exemption of \$50,000.

## LIEUT. SHUMAKER RETURNS TO QUINCY TO SECURE RECRUITS

QUINCY, Ill., July 5.—Lieutenant S. H. Shumaker who left here with ten volunteers to join the Eighth Infantry, colored, has returned as regimental recruiting officer to secure 98 men to fill the ranks which were depleted by the physical test at Springfield. He expects to have that number join the Eighth at San Antonio.

He said the Eighth would be reorganized soon in the proper formation and that Company H at Springfield would be amalgamated with Company I at Danville and a new company H organized in Chicago.

## ENGINEER DROWNS IN POOL.

Grass Valley, Cal., July 5.—Allen R. Kenner, mining engineer of Chicago was found drowned today in a swimming pool in Olympia Park near here. Kenner had been employed by the Rio Plata Mining company at Chihuahua, Mex. and recently came here on business.

#### AN AGED LADY INJURED.

Mrs. Susan Hagaman of Decatur Suffers a Broken Leg.

The following from the Decatur Herald refers to Mrs. Hagaman, mother of Mrs. Lou Callaway of Chapin precinct and well known here.

"Mrs. Sue Hagaman, known as 'the mother of the hospital,' fell as she was stepping from a West Main street car about 9:30 o'clock Tuesday evening and it is believed her leg was broken near the hip. An X-ray photo will be taken this morning to determine the extent of the injury.

"With her sister, Mrs. I. A. Baldwin of Cincinnati, Mrs. Hagaman was returning from Dreamland park where they had gone to witness the fireworks. They left the car at Oakland avenue. Mrs. Baldwin got off first and it is said that the car started up before Mrs. Hagaman had reached the ground.

"Mrs. Baldwin was holding her sister by the arm and as she fell Mrs. Hagaman fell on top of her. Mrs. Baldwin was slightly bruised and her glasses were broken. Mrs. Hagaman was carried in an automobile to her home, 1128 West Main street, and a physician gave her a hypodermic until a full examination could be made."

Harold Adams of Manchester was a caller in the city yesterday.

#### For President.

CHARLES E. HUGHES.

It must be as the aftermath of the "Billy" Sunday revival or thru some other special awakening that the city of Philadelphia has vacation Bible schools with an enrollment of 900 children. Eighteen colleges contributed teachers, money and supplies for the work and four denominations are co-operating. At least forty of these schools are for children speaking foreign languages. The movement has been undertaken with the idea that the results will be most beneficial in forming proper habits for the children.

#### The U. S. War Record.

Earl Harrison, writing in the July Woman's Home Companion, suggests a thought which is new to many people. According to this writer, while we are with a more or less "holier than thou" attitude condemning the warring nations in Europe, a look at the records of the United States is not inspiring. A careful perusal of these historic facts will show that this country has engaged in a war on an average of once every fifteen years during its history. The records show that Germany enjoyed an unbroken peace of forty-one years before this war. So when we are studying peace and war and preparedness, it is just as well to look at the questions in a broad way and to consider all the facts.

#### Tact and Charity.

It is a fact often overlooked that tact and good taste are just as essential if the greatest good is to be accomplished in charity work. The late Robert Carson of Philadelphia recognized this fact in a very substantial way. He left his entire fortune of \$5,000,000 for the building of a home for orphan girls. It is provided in the will, however, that the word "home" must not be applied to this institution and neither must the word "asylum." In its management the institution it shall not be referred to as a charity and the girls who live there must not wear uniforms.

In these and other ways the liberal donor outlined a plan whereby Carson College will furnish a real home for 300 orphan girls and provide them with the best educational advantages, religious and domestic training. The will provisions even suggest the arrangements for the college buildings, each of which is to be named after some flower, and through the whole remarkable document, which is not impractical because aesthetic, the founder of this college emphasizes in a new way how helpful good taste and delicacy can be in giving aid to the needy.

It is a rule applicable to other forms of giving, for it really often happens that men and women with the most generous impulses injure the feelings of those they aid to a greater extent than they contribute to their physical welfare.

#### PROSPERITY

When man is poor, and wealth or fame seems far beyond his hope and aim, he is so unobtrusive then, he makes a hit with fellow men. He sows his seed and mows his hay, and has a modest, winning way, and all his course of conduct shows, as doesn't, fauous, suppose that if from mundane scenes he'd drop, the whole blamed universe would stop. He strives to earn his weekly checks, and is a credit to his sex. But when his eager, striving feet, have landed him in Easy street, his head swells up, he chafes grows, and of his stake he brags and blows, he sneers at men who have not grown as big a bundle as his own. He flaunts the package he has made, and keeps himself on dress parade, and loads his wife and silly girls with silks and clanking gold and pearls, till people wish he'd lose his roll, and be the old-time simple soul. Prosperity, when it arrives, oft ruins good and useful lives. When Fortune hammers at our doors, it turns good fellows into aores.

## Raymond Robins and Judge Jones as Governorship Candidates.

The Chicago Herald prints some political gossip suggesting that Raymond Robins, late of the Progressive party, is now being strongly urged as the Sullivan candidate for the governorship. Mr. Robins, as a Progressive candidate against Roger Sullivan and L. Y. Sherman, made a somewhat brilliant campaign. The attacks he made at that time on Sullivan would not, it is said, by any means prevent the Chicago boss getting behind the Robins candidacy now if he proved the most available candidate against Governor Deneen. The Sullivan men who do not favor Mr. Robins are flirting with Judge Norman L. Jones of this judicial district. He is suggested as a strong down state man, new enough in politics not to suffer from any old enmities. Along this line the Herald says:

"If Judge Norman L. Jones of the Sangamon Circuit Court were picked, it is argued, it would swing into line all the old Jacksonville segment of the anti-Sullivan following and in its train would trot much of the remnants of the dyed-in-wool Bryanites. Congressman Henry T. Rainey is now bitterly anti-Dunne and in 1914 the Sullivan men made him 'keynote' of the state convention. Judge Jones is a former law partner of Congressman Rainey. It took the place on the circuit bench made vacant when Owen P. Thompson, one of 'the Jacksonville group' went on Governor Dunne's state public utilities commission."

#### Looking Back at the Fourth.

Now that the 4th of July has come and gone it would be well for all the merchants to sit down and without prejudice figure out whether or not they were added in a business way by keeping their stores open on the Fourth, inviting people here for celebration with the hope of securing business from the visitors. While all merchants who kept their stores open Tuesday were not interviewed, the majority of those who expressed any opinion on the subject declared that business had not been up to their expectations. This has been the general Fourth of July rule for years. When people visit this city for a holiday celebration they do not come for shopping purposes. Conditions have changed somewhat in recent years and now there are many residents of the country districts who take exception to these holiday celebrations which are given for the specific purpose of getting business. The majority of merchants have come to the decision that there is just about so much business in the course of a year in a community like this and that this business will come with normal weather conditions, no matter what the special celebrations.

As suggested, it is a good time for the merchants to now consider whether or not another year it will be better to have no formal celebration except the evening fireworks and as a mark of courtesy to the surrounding country to invite all the people to witness this display. If a formal celebration is held, certainly the program should include a pageant or something else out of the ordinary routine. Jacksonville has outgrown any other type of celebration.

#### SOME FACTS ABOUT THE HIGH SCHOOL TEACHING FORCE.

A person familiar with the school force in Jacksonville has called attention to the fact that recent public statements about the work done by members of the high school faculty have been misleading. This person is authority for the statement that the past year there were eighteen paid teachers in the high school instead of twenty-three, and that all of them have from 5 to 6 hours' work in school work and many of them additional work before or after school. The rules of the North Central association, to which the high school belongs, requires that there must be one teacher to every 25 or less pupils and there were nearly 450 pupils in the high school last year. The athletics, public speaking work, dramatics and bookkeeping were under the direction of the regular teachers. The gymnasium work and the band affairs were looked after by "part time" teachers. The drawing and music work done in the high school by Miss Goodrich and Miss Whitmer was without additional cost as the work was done before the regular school hours on time that belonged to them personally and not provided in their contracts with the board of education.

#### KNIGHTS OF COLUMBUS WIN FROM BEARDSTOWN MOOSE.

The Knights of Columbus team won a game from the Beardstown Moose at Beardstown on July 4 by a score of 11 to 7. A vessel which hurls for the Beardstown Grays was on the mound for the Moose and the locals gathered sixteen hits from his offerings. Leary of the Knights featured the game with his catching, nipping seven Moose who tried to steal. The Knights lineup follows: Gruber, 1b, Wagner 2b, McGinnis ss, Kennedy, 3b, J. Shields lf, W. Shields cf, Sheehan, Ciennessy rf, Leary c, Sloan p.

#### WILL OBSERVE BIRTHDAY.

Announcement has been made of an anniversary celebration in honor of the eighty-fourth birthday of Rev. J. P. Hillerby, which will take place at the home of his daughter, Mrs. Charles Hopper. Mr. Hillerby has spent forty-one years in this community and is now the oldest living member of Grace church. Miss Ruth Hender of Emporia, Kansas, Mr. Hillerby's granddaughter, is expected here to be present at the reception.

## JULY FOURTH WAS A GREAT DAY IN WINCHESTER

Liberal Prizes Offered in Various Contests—Horse Show a Feature—Scott County News Notes

Winchester, July 5.—The celebration of the Fourth was one of the most successful ever held in Winchester, the attendance being exceptionally large. No accidents of any character marred the day and the program as a whole was thoroughly enjoyed by all. The automobile parade was the opening event and was a feature which added much to the day's celebration. Following is the list of prize winners:

Best decorated car—Miss Esthet Davis, Jacksonville, floral design, first prize, \$5. Mrs. J. W. Dace, design, "Let the Eagle Scream," second prize \$2.50.

Best business ad car—B. B. Watt & Co., design "Preparedness," first prize, \$5. R. S. Dill & Co., design "Canned Goods," second prize \$2.50. Burlesque car—R. S. Waters, design, "The Naked Truth," prize \$2.00. Best decorated Maxwell—B. B. Watt & Co., design "Stars and Stripes Forever," prize casing for car, donated by Vanier & Mills.

Best decorated Ford—Melvin Murray, design "Preparedness," prize set of tire chains given by the Ford garage.

Best lady driver—Miss Anna Kellen, Chevrolet, prize inner tube donated by Vanier & Mills.

Best decorated bicycle—Miss Helen Kinison, prize \$1. Frank Stott of Moline and Mrs. Scott E. Irrie of Marion, Ohio, served as judges in the auto parade.

After the auto parade followed the horse show. George Peak, with a coach and four in hand, his son, Mark Peak, acting as bugler, made a fine display. Following are the prize winners in the horse show:

Best span of mules—Albert Coal-

tas. Best farm team—Claude Thomas. Best single driver or gelding—Willie Waid of Glasgow first; George Andrews, second.

Best single turn out—Willie Waid of Glasgow, first; Earl Playwell, second.

Best pony in harness—Mark Peak, first; Jonas Lashmet, second.

Best girl riders—Annabel Moore, Louise Murray, Miranda Coultas, Eugene Jones, all of Winchester.

Best boy riders—Jonas Lashmet, Ralph Peak, Cordella Moore, Junior Peak, Clement Thomas, George Murray, George Andrews, Russell Dahman, all of Winchester.

Roadster sucking colts—C. B. Evans won first and second.

Saddle ponies—Clark Peak, first; Miranda Coultas, second; Annabel Moore, third; Ralph Peak, fourth; Jonas Lashmet, fifth.

Best saddle horse—Claude Thomas, first; Frank Kilber, of Oxville, second.

The Merritt band furnished good music thruout the day. The Winchester orchestra opened the program in the afternoon, with their new director, C. C. Jeffries of Jacksonville. The orchestra is fortunate in securing Mr. Jeffries as a director and teacher and expect to make great progress this year. The sheet iron band, composed of ten young ladies, attracted a great deal of attention during the afternoon and made quite a hit with their burlesque suits and voboe music. The flag drill by twelve girls was another feature which was much enjoyed. Several recitations were given, and in the evening the living pictures represented Uncle Sam, Goddess of Liberty, Preparedness and other Americanisms. The program closed for the day with moving pictures thrown on a screen in the park.

Mr. and Mrs. H. O. Smith and daughter and Andrew Allen and family and Miss Margaret Degen, all of Chapin, spent the Fourth in Winchester.

Ray Nelson left Tuesday night for Chicago.

Miss Grace VanHouten returned Wednesday to Jacksonville after a visit with Miss Freda Vortman.

Mr. and Mrs. John Wright arrived early Wednesday morning from Vineland to spend the day with Rev. O. L. Pride and family. Mr. and Mrs. Wright are the parents of Mrs. Price.

Mr. Frank Stott and son Edwin returned Tuesday night to their home in Moline after a visit with relatives.

James Wainwright of Chicago spent the Fourth with his parents here.

Frank Leach of Jacksonville visited here Tuesday with his brother, Edward Leach and family.

Warren McLester of Alton visited with friends here Monday.

Anton Obermeyer of Chicago visited with his parents, Mr. and Mrs. Peter Obermeyer, this week.

Mrs. Tewksbury and daughter Mrs. Leonard Black were visitors from Bluffs on the Fourth.

Mr. and Mrs. Edward Fitzsimmons Jr. and Mrs. Charles Fitzsimmons, Mr. and Mrs. Victor Knoepfel, all of Bluffs, spent the Fourth here.

#### LOST AND FOUND RING

Mrs. Edgar, living at 752 Grove street, recently lost a valuable ring. A lost advertisement in the classified columns of the Journal was read by the person who found the ring and the property was promptly returned.

#### WILL REMAIN IN MINISTRY

An item which appeared in the Journal recently thru error said that Rev. W. W. Wharton had resigned the pastorate of the Methodist church in Roadhouse instead of the Christian church. Mr. Wharton has given up his work there after a successful pastorate, but does not plan to retire from the ministry.

A hardwood floor is being laid at the Andre & Andre store and will add quite materially to the appearance of that store.

McNAMARA AND HENEGHAN HAVE  
LEASED BROOK MILLS

Two Properties Will Be Under One  
Management—Will Specialize on  
Ground Feeds.

William McNamara and Phil Heneghan have leased from Mrs. James Heneghan the Brook Mill property on South Main street and will very soon be ready for business there. The North Main street feed store established a year ago by McNamara & Co., will be continued under the same name and the South Main street property will be operated as the Brook Mills. Both of the businesses, however, will be under the one management. Altho some flour will be made at the Brook Mills, special attention will be given to ground and mixed feeds. McNamara & Co., have built up an extensive feed business and Mr. McNamara, who was employed for twenty-one years at the Brook Mills, is thoroughly familiar with the details of the flour and feed business. Mr. Heneghan has also had abundant experience. There is every reason to believe that the two enterprises will prosper under the joint ownership and arrangement just completed.

## TO THE PUBLIC IN GENERAL

The McCabe M. E. church on Cox street in the first ward of Jacksonville is a Methodist Episcopal church organized by and under the control of the General Conference of the M. E. church in the interest of and for colored people. McCabe M. E. church has a moderately new building which has been provided by the small congregation with love and sacrifice upon which there is an indebtedness of (\$300.00) three hundred dollars due to the builder that the church is unable to pay by itself. The contractor is suing on a mechanics lien. Supt. F. A. McCarty of this district, and Rev. F. E. Maden of Grace, Rev. G. W. Flagg of Centenary, and Rev. G. W. Theobald of Brooklyn Methodist churches have endorsed a movement to raise the amount of this indebtedness by July 14th, 1916, by subscriptions and have appointed the following committees: C. W. Boston of Centenary, L. T. Potter of Brooklyn and H. J. Rodgers of Grace churches to receive the funds of subscription and to pay the indebtedness. The Rev. M. L. Mackay and Cornelius Herman of the McCabe M. E. church will call on you and assist in raising the necessary funds.

We the committee recommend this as a worthy cause for your support.

CHARLES KEHL PROMOTED  
BY THE ALTON.

Charles Kehl, who has been chief clerk in the Chicago and Alton division freight and passenger office at Mexico, Mo., for the past year under John E. Fish, has been promoted to the position of chief clerk, with Edward Keane, assistant general freight agent, St. Louis. Mr. Kehl began railroad work with the Alton at Woodson in 1902, as a helper for Miss Tracie McAllister, who was then the agent at Woodson. He learned telegraphy and his first position with the company was secured in April, 1903. Since that time he has held various positions as operator and agent and has been advanced steadily. The Daily Intelligencer, published at Mexico, contains a notice of Mr. Kehl's advancement and mentions editorially the fact of his appointment. Mr. Kehl is referred to in the editorial as a railroad man who by his courtesy and ability has won friends for both himself and the railroad.

**Missionary Society Holds Regular Meeting.**

The Young Womans Foreign Missionary society of Centenary church held their regular monthly meeting Monday evening at the home of Miss Martha Hoover on South East street. Miss Hoover was assisted by Mrs. Frances Hyer and Mrs. Dwight Kas-trup. Miss Minnie Wyatt was in charge of the devotions and Mrs. G. W. Flagg was the leader of the evening. Miss Gertrude Atkins presented a paper on "The Women Who Came in the Night." A social hour followed and refreshments in keeping with the Fourth were served.

**Mr. and Mrs. Hardwick Entertain Friends the Fourth.**

Mr. and Mrs. George Hardwick entertained a number of guests at their home near Merritt the Fourth. The party was an all day affair and a delightful time was enjoyed by all. Among those present were: Irvin Wood, Mr. and Mrs. A. A. Curry, Mr. and Mrs. A. E. Curry, Mr. and Mrs. Charles Wood and daughter, Bernice of Pisgah, Mr. and Mrs. C. B. Gray, Mr. and Mrs. Joseph Jackson and daughter Helen, Mr. and Mrs. F. E. Kneale of Jacksonville, and Mr. and Mrs. J. R. Frissal and daughter Frances and son John of Chicago, Thomas M. Hardwick and John Grady of Merritt.

**Deaf Aid Society Held Meeting.**

Members of the Jacksonville Aid Society for the Deaf were entertained Tuesday at the home of Mr. and Mrs. M. M. McComb on the Springfield road. Following the serving of a splendid dinner at noon a short sermon was delivered by Rev. Philip Hasenstab of Chicago. Afterward several hours were spent with athletic sports, a ball game being a feature of the program. Then there were more things to eat and a fireworks display brought an end to a program which the whole company thoroughly enjoyed. There were sixty-seven persons present. The arrangements for the day were in charge of a committee including Mrs. T. J. Cranwell, Mrs. George Mather and Mrs. Harry Mather.

**Franklin Outing Club Entertained Large Company**

The members of the Franklin Outing Club enjoyed a delightful Fourth at the Burlington Lake near Franklin. A very conservative estimate of the members and guests present would be three hundred and fifty. Guests were present from Waverly, Lynville, Whitesboro, Jacksonville, Concord and Arenzville. At noon a sumptuous dinner was served consisting of fried chicken and all good things to eat. The day was enjoyed with games, boating and fishing. In the evening a splendid display of fireworks was held, and every one spent a most enjoyable Fourth.

**Entertained Tuesday Bridge Club.**

Mrs. Austin C. Kingsley and Miss Leila Berryman entertained the Tuesday Bridge club at the Douglas hotel Wednesday afternoon. The time was spent at cards, following a three course luncheon, and the occasion was one of very great pleasure.

**Hulett Family Celebrates Fourth at the Oaks.**

A most delightful gathering was held Tuesday at the home of Miss Fannie Hulett and Mrs. Belle Scott North of Jacksonville when they entertained the members of the Hulett family at an all day picnic and gathering. One of the most enjoyable features of the day was a sumptuous dinner. The entire family with the exception of Mr. and Mrs. Thomas Montgomery of Hersman were present. One of the principal forms of entertainment was music furnished by different members of the family. Among those present were: Dr. and Mrs. G. A. Hulett, Mrs. George Hilleby of Springfield, M. A. Hulett and family, Charles Thompson and family, E. D. Pyatt and family, Mrs. Ella Stout, Joseph Johnson and wife and Mrs. Nannie Rawlings of Jacksonville.

**FUNERALS**

**Thompson.**

Funeral services were held for David Thompson of Roodhouse, Tuesday afternoon at 2:30 o'clock at the Primitive Baptist church in Roodhouse. Rev. J. L. Ludwig officiated at the church, while at the house where a short service of song and prayer was held before going to the church, Rev. W. I. Dobbs of Springfield had charge. The music was furnished by friends of the family. The large attendance at the church proved that Mr. Thompson was a valued citizen and that his loss will be keenly felt. Four grand daughters of the deceased cared for the flowers. They were: Mrs. Hazel Allen, Mrs. Ethel Husted, Miss Gannell Miller and Miss Mildred Miller. Burial was made in the Thompson cemetery at Barrow. The bearers were five sons and one son-in-law of the deceased, W. A. Thompson, R. C. Thompson, O. S. Thompson, A. A. Thompson, J. E. Thompson and Burton Weller.

**SENT TO JAIL.**

George Floyd of Meredosia was sent to jail Wednesday by Judge Thomson for failure to pay \$1.50 a week for the support of his wife, Mrs. Esther Floyd. Some time ago the defendant was arrested on the charge of wife abandonment and ordered by the court to pay the sum of \$1.50 a week. He has failed to make these payments and the order of commitment was the result.

**MORTUARY**

**Lawson**

Mrs. Lora Lawson died at Passavant hospital Wednesday evening after a lingering illness. Mrs. Lawson was a resident of Murrayville and was Miss Laura Thompson before her marriage. A suitable obituary will be published later.

**CONGREGATIONAL CHURCH PICNIC.**

Tuesday evening on the lawn of the Congregational church the members of the church and congregation were invited to bring their baskets and have gathering in honor of Mrs. Marian Tanner, daughters, Misses Anna and Laura and grandson Allen Tanner. The day being the national holiday deprived a number of the pleasure of being present but still a goodly number attended and the entire event was truly delightful.

Mrs. Tanner and her estimable family have a warm place in the hearts of many friends in this city in general and especially in the church with which they were connected and with which they still hold their membership the Mrs. Tanner and Miss Laura are not able to be here owing to the duties of the young lady which call her to the east where she is a highly valued instructor. All expect to leave for the north today and at the end of vacation Miss Annie and the young gentleman will return to Jacksonville while the others will proceed eastward.

The committee in charge were Mesdames T. P. Carter, C. H. Smith and J. P. Lippincott and they did their work well. The affair was wholly informal without any attempt at a program and all devoted themselves to having a good time and fully succeeded. The bill of fare was of course excellent and the only regret was the early going away of the ladies.

**AUTOMOBILE RACES**

The automobile races at the Driving club park did not draw a large crowd and the track was in poor condition for racing. In the last race Gay Hutson ran off of the track at the turn being confused by the dust and ran thru a fence into a cornfield. Fortunately he escaped injury. The entries were as follows: No. 4, Gay Hutson, driver, Sid Armstrong, mechanic. No. 5, Henry Wolke, driver, Clarence Wolke, mechanic. No. 5, Earl Hutson, driver.

Half mile race against time—first, Wolke Bros., time 41 seconds; second, Gay Hutson, time 45 seconds; third, Earl Hutson, time 46 1-2 seconds.

Five mile race against time, with handicap of 10 seconds to Gay Hutson in Studebaker—Gay Hutson, 7 minutes and 21 seconds; Wolke, 7 and 32; Earl Hutson, 7 and 45.

Australian race, five miles—Earl Hutson, 7 and 52; Gay Hutson, 8 and 02; Wolke, 8 and 05.

The two mile jockey race was forfeited to Wolke Brothers, both of the other cars being disabled.

**FORMER PROGRESSIVES CONSIDER GOVERNORSHIP**

According to a Chicago paper the Progressive organization is sounding sentiment to decide what governorship candidate to support in the Republican primaries. Harold L. Ickes, national committeeman, has sent out a questionnaire to 300 prominent moose throughout the state, asking their views. The returns are to be tabulated in the next few days. Some Progressives are opposed to an endorsement of Morton D. Hull on the ground that he was in opposition to woman suffrage and the initiative and referendum. Others hold his record otherwise entitles him to support. Some argue that it has developed into the old fight between the Deneen and anti-Deneen factions in Cook county, and that it might be well for the moose to get behind Frank L. Smith on the proposition of "new blood and a new deal."

What position the Anti-Saloon League will take is unsettled. It has been reported that if Mr. Hull comes out for county option he will get the endorsement of the drys.

## OLD JACKSONVILLE

An Old Book

By Ensley Moore.

Member Illinois State Historical Society.

John L. McConnell was the oldest son of Gen. Murray McConnell. The former always had a leading toward literary work—evidenced in part by an early days irregular paper he ran a while. Later on he developed into a professional writer, altho he had chosen the law as his work. He went to Mexico, as a lieutenant with Hardin and returned as captain of his company. He took in the places and events of that era with a clear and exacting eye, and a bright mind, and found in it much material for composition in after years. He was not the only writer who did this. Gen. Lew Wallace, of Indiana, also improved his opportunities as a soldier in the Mexican land, and his first successful book, "The Fair God," had its setting there.

Captain McConnell was one of the first, if not the first Illinoisian by birth, to do any book writing worth considering, and he conferred that honor on Jacksonville—his native place—and Illinois. He was wounded in Mexico, and the latter years of his life were weakened by consumption, which claimed him in January, 1862. He resided on North Main street, first door north of his father's residence.

### Talbot and Vernon.

Capt. McConnell published a novel entitled, "Talbot and Vernon," thru Charles Scribner of New York, in 1850. Some copies were paper bound, and on the back of one of these bindings was the following announcement: "Tales of the West and South. A series of books, designed to illustrate the peculiarities of Western and Southern Scenery, Life and Manners. By J. L. McConnell. No. 1 Talbot and Vernon. No. 2. Grahame, or Youth and Manhood. No. 3. The Glens. A Family History."

On the inside page of the cover were given a lot of press notices. Among others, the N. Y. Courier and Inquirer said: "It is written with great ability. The scene is laid in the West, and Western manners of course are sketched." The Commercial Advertiser said: "The author's style is sprightly and engaging, his powers of description great, and his knowledge of legal subtleties and perception of the finer points in his profession comprehensive and acute." The Albany State Republic said: "The vividness of the Mexican scenes alone will ensure for this volume a wide circulation." The St. Louis Republic said: "The characters are admirably wrought, and there is an easy flow in the narrative, which is not interrupted by the artistic touches with which the volume abounds. We predict for Talbot and Vernon a harvest of rich success."

The book was in two volumes, divided off into "Books" and chapters in the oldtime way. In all there were over five hundred pages.

On the third page of the cover, there were also highly complimentary press notices of "Grahame."

On the title page of "Talbot and Vernon" is this quotation from Measure for Measure: "This all true as it is strange."

Nay, it is ten times true; for truth is truth.

To the end of the reckoning." The author states in the preface: "The leading purpose of the following story is to illustrate the strength of what is commonly called 'circumstantial evidence.' The idea is prevalent that this sort of evidence is fallacious, and ought not to be a ground for conviction. \* \* \* \* \*

The account of the battle of Buena Vista, together with the description of the country around Saltillo and Monterey—barring a few unimportant liberties with the geography—has been faithfully written from memory, as far as it goes. The

course of the battle, as it was actually fought, I have followed literally, with one exception: the part taken in the fight by the Mississippians and the cavalry has been wholly omitted, because it would have been too wide a departure from the direct line of the story to visit the position of either. \* \* \* \* \*

A word in regard to the scene of the story, and I have done.

Notwithstanding the complete silence of the narrative on the subject, those who are familiar with the West will at once observe that I have here attempted to portray western manners and western civilization. If I have succeeded in giving a tolerable clear idea of what they are, my object is gained. There are many social and individual traits here, which have no precedent in the east, presenting a wide, almost untrodden field for the novelist, and sown thick with the seeds of mighty events. Let them be cultivated in time, that their fruit may not be bitter to the taste." May 1, 1850.

It has been said that McConnell's description of the battle of Buena Vista was the best ever written.

The Battle of Buena Vista.

So many references to the battle of Buena Vista have been made, in this series of sketches, that some fuller description of that event may not be inappropriate. This is from general history, not from McConnell's book.

Gen. Zachary Taylor had come over from Texas, after defeating the Mexicans at Palo Alto and at Resaca de la Palma, and had reached the neighborhood of Buena Vista, a hamlet in Mexico, seven miles south of Saltillo, in the state of Coahuila. Now, by rail, it is about 355 miles from San Antonio, Texas, via Laredo to Saltillo. Saltillo is southwest from San Antonio.

Gen. Taylor learned, on Feb. 20, 1847, that Gen. Santa Anna was in his front, about twenty miles away, with 20,000 men. To some generals that might have been a strong suggestion to fall back, but "Old Rough and Ready" was not of the retreating kind. Taylor's force was less than 5,000 troops. The region is very rough and generally cut up, but there was a considerable plateau at Buena Vista, on and around which the battle was fought. Santa Anna called on Taylor to surrender, to which summons Mexican got a very short and decided refusal. There was a little fighting on the 21st, while Taylor was securing a satisfactory position. But on the 22nd of February—Washington's birthday—the battle was fully on, and raged fiercely that day. There was very effective use of the American artillery, and of their dragoons. The Mexicans were beaten off, and the Americans lay on their arms all night, expecting a new attack in the morning. But when morning came they found the enemy had retreated to Agua Nueva.

The loss of the Mexicans in killed and wounded is stated at 2,000; that of the Americans as 746. Compared to the numbers on each side, it would seem as if the retreat of the Mexicans was not justifiable. But they did not stay. The Illinois, Kentucky and Indiana troops were among the bravest of the brave, and all were valiant. Capt. Bragg, of the regular army, afterwards a Confederate general, was very efficient with his battery. Many of the officers from this state and elsewhere, who became noted in the Civil War, took part in the action at Buena Vista. It need scarcely be stated here that it was in that battle that Col. Hardin fell; as did his cousins, Col. McKee and Clay of Kentucky.

This was Gen. Taylor's greatest battle, and paved his way to the Presidency in 1848.

### QUESTIONS ON THE SUNDAY SCHOOL LESSON.

The Thessalonian Christians. 1 Thess. 1; 2: 17-20; 4: 13-18.

Golden Text: If we believe that Jesus died and rose again, even so them also that are fallen asleep in Jesus will God bring with Him. 1 Thess. 4: 14.

1. Chap. 1: 1-4. Who were Silvanus and Timothy, and what are some of the things said about them?

2. The language in Paul's salutation is glowing with love; should all Christians feel the same ardor for their brethren, and would it be wise, or not, and why, to express it in letters and in personal conversation?

3. To what extent is it our duty to pray for one another?

4. To what extent is it our duty to cultivate the habit of showing our appreciation of the good work being done by others?

5. Verses 5, 6. To what extent are types of religious experience in converts, made or modified by the person thru whom they were converted?

6. If, for example, the Church of Thessalonica had been founded and taught by a missionary the extreme of Paul in his loving enthusiasm, and marvelous experiences, what would have been the difference in their type of Christianity?

PITTSBURGH'S ERRORS AID CHICAGO

Compton Makes a Wonderful Catch With One Hand at Right Field Fence, Robbing Williams of a Triple.

Pittsburgh, July 5.—Heavy hitting by Williams and Mann together with errors by the local team resulted in Chicago defeating Pittsburgh here today by a score of 4 to 3. Compton obtained from the Boston Nationals, played his first game with the Pirates today and made a wonderful catch with one hand at right field fence, robbing Williams of a triple.

Philadelphia 2; Boston 1  
Boston, July 5.—Philadelphia defeated Boston 2 to 1 today and went into second place. Rixey was a puzzle to the locals, allowing but three hits, one of which was a double in the last inning by Fitzpatrick, who scored on two infield putouts. Evers was put out of the game for protesting a called strike, during the fifth inning. President Tener witnessed the game.

St. Louis 4; Cincinnati 1  
St. Louis, July 5.—St. Louis won the last game of the series with Cincinnati here today 4 to 1. Toney only allowed two hits until the eighth when the locals got two more. Williams allowed nine hits but kept them scattered. In the eighth Wilson doubled, took third on Smith's sacrifice and Smith was safe at first when Toney threw low to Groh trying for Wilson at third. Snyder was purposely passed filling the bases and Wilson scored when Groh fumbled Corhan's grounder.

## TENNIS FINALS

Dick Rowe Wins City Championship and Big Silver Cup Donated by Booster Club.

In the final round of the City Tennis Tournament Tuesday R. Y. Rowe, Jr., won the singles title from Marcy Osborne, 6-0, 2-6, 6-4. The match being played at the Bellati court on West University avenue. Instead of at Nichols Park, as scheduled, the Park courts not being in shape for tournament play as yet.

The first set went to Rowe without much argument. He used a fast but mixed with a cross court backhand chop, to great advantage. Osborne netting most of his returns for the last points. The second set was almost a complete reversal, Osborne coming to the net on nearly every point and smashing Rowe's low returns for a clean ace, or driving them so deep and hard they were impossible to handle. The third and final set brought out the best tennis of the tournament, both men using every stroke they had. Rowe took an early lead at 4-2 and increased it on his own serve to 5-2, only to have Osborne take the next two, running the score to 4-5 before losing the tenth game and the match.

Both players seemed to feel the effects of the hot weather and the play dragged at times, lacking the snap and fight to be expected in a final match. Only a few people heard of the chance of location and a very small gallery witnessed the games. Several of the better players who were entered, had to default their matches on account of vacations coming at this time and it is probable another tournament will be staged later in the summer, as the interest in the game is increasing all the time and many of the newer players will want an opportunity to get tournament experience.

## JACKSONVILLE DEFEATED SCHAFER SEALS IN FINE GAME

Locals Won Fourth of July Game By Score of 3 to 1—Only Four Hits Allowed Each Team.

Jacksonville defeated the Schafer Seals at Nichols park July 4 in an exciting game by a score of 3 to 1. The game was witnessed by the largest crowd of the season and was featured by fast fielding and good pitching. Superior work on the bases gave Jacksonville the victory.

White and Hall were both in fine form and each allowed but four bingles. Hall continued to improve as the game progressed and at the close was going as such speed that the locals could hardly get a foul off him. White also went good though he wavered in the eighth and waked two men. However a fast double play saved the day for him.

Jacksonville was lucky in getting to Hall in the first two innings before he settled down. With perfect field the score would have been 1 to 0 in favor of Jacksonville as only one of the four runs made by both teams was earned.

Both Ford and Clark did fine work back of the pan and Denny did good work at second. The outfield grabbed nearly everything that was hit. Fernandes had a bad day at short getting three boots but he did excellent work on the paths and scored Jacksonville's first run.

The only thing to mar the game was an injury to McCue in the third inning. Wheeler was at bat and hit a roller down the first base line. McCue came in to field it and he and Wheeler collided. Both were dazed momentarily and McCue was compelled to leave the game while Wheeler after the collision was unable to reach the base and was tossed out.

How the Runs Were Made  
Jacksonville scored one in the first. After Denny had struck out Fernandes walked and stole second. He took third when DeFrates hit to McCue and scored when Hall dropped McCue's toss to first. In the second Jacksonville made the only earned run of the game. After McCollister had popped to Conroy, Christopher hit for two bases and scored on Woodman's single to center. The last run came in the fourth. With one down Christopher was safe when Hackett muffed his roller. He stole second. Bases on balls to White and Denny put him on third and he scored when Rebok let a throw from Hall to catch Denny get away from him.

The Seals made their only run in the sixth. Lascoy started the trouble by nicking White for a double and stole third. Dunham flied to McCollister. Rebok hit to Denny who nailed Lascoy at home station. Rebok was safe at first on the play. Hartman who had taken McCue's place in the batting order hit a tall one to right close to the foul line which Woodman muffed and Rebok made the circuit with the one inning by flying to Woodman. The Innis by fleeing to Woodman. The visitors threatened in the seventh and eighth but were unable to get further than the third station. The score:

Eagles	AB.	R.	H.	PO.	A.	E.
Denny 2b.	3	0	0	2	4	0
Fernandes ss.	2	1	0	1	3	0
DeFrates 3b.	3	0	0	2	0	1

## From House to House the Good News Spread

Many housewives have found a happy solution of the breakfast problem in New Post Toasties.

These new corn flakes are distinctive in that they bear a self-developed flavor all their own—the delicate, fascinating flavor of choice, white Indian corn. Unlike other flakes, they do not depend on cream and sugar to make them palatable.

Try a handful without cream and sugar—note the fine flavor and new form; also the tiny "bubbles" on each flake. These bubbles are a distinguishing characteristic and are produced by the quick, intense heat of the new process of making, which also brings out the wonderful flavor.

Although the New Post Toasties are a great improvement in flavor and form, they cost no more than ordinary flakes. Have a package delivered for tomorrow's breakfast.

## PREPAREDNESS

## Five in One Family

It has taken a long time to prove  
to doubting people the real necessity  
of doing more with less effort and  
expense. Now, as the season ap-  
proaches for plowing the stubble,  
hot, dry long days of work are ahead.  
The horse can not and does not  
stand up under the strain. You can  
not force real life and blood against  
such odds.

But, listen, think and study—  
For the price obtainable from a  
few horses you can purchase an

## A VERY TRACTOR

One that works night and day if  
you desire.

The principal question that inter-  
ests the "up-to-date" farmer is  
whether to use horse power or ma-  
chine power. If you use horses you  
need an extra number, which in time  
of "peace," or in other words, when  
not working, are a heavy useless ex-  
pense. With the Tractor, think of  
the difference. "No work, no pay." Or,  
when not at work no expense to  
the owner.

Experience has taught us that in  
fall plowing you should plow six to  
nine inches deep, so as to kill weeds  
and make a good deep seed bed, one  
that will preserve the moisture from  
winter rains and snow, something  
that will double your yield.

The Avery Tractor is built close at  
home, is one of the first in the field,  
and is built by people who know how  
Avery Tractors are standardized.  
They're past the experimental stage.  
They have proven their superiority in  
all the field tests. That's why we  
can and do give exceptionally strong  
guarantees, which are backed by the  
Avery Company.

Remember this special warranty.  
Avery Tractors are guaranteed to de-  
velop their full rated horse power  
or more, either on the belt or on the  
draw bar.

A careful study of the Avery cat-  
alog which we will be glad to furnish  
you will convince you that we have  
a little better machine than the best  
yet built by any other concern.

And, again, we will be only too  
glad to show you this famous en-  
gine in operation in the farmer's  
hands. The boys who have used  
them for the past year can tell you.

We carry a sample Avery Tractor  
at all times on our sample floor, and  
we will be more than pleased to  
show you how easy it is to handle.

This is the Tractor for LONG  
LIFE, SATISFACTORY SERVICE  
AND EASE OF OPERATION. Come  
in and see for yourself. We can  
show you how we can handle any  
fuel that it is possible for tractors  
to use, kerosene, gasoline or naphtha.

### LITERBERRY.

The heated term has infected some  
of our best balanced citizens. Some  
have shown, by their erratic actions,  
a desire to do things that would be  
considered daffy on ordinary occa-  
sions, or in normal weather. Mr.  
Joe bet Mr. Jim a bushel of beans  
that Mr. Jim would not buy a new  
auto this summer. Mr. Joe's friends  
became very uneasy when they heard  
that Mr. Jim took the bet; they real-  
ized that if Mr. Joe lost the bet,  
he would be busted wide open finan-  
cially, for nobody but a Rockefeller  
or a Carnegie could afford to put up  
a whole bushel of beans at once.  
Knowing he had Mr. Joe in a close  
place, Mr. Jim went over to Beards-  
town and bought a new Buick, and  
when he came home he demanded  
the beans. This threw Mr. Joe into  
a duck fit, and his friends offered to  
sit up nights with him for a while,  
but he declined; next day he was bet-  
ter, and upon being interviewed on  
the bet, said, there had been no  
time set for the delivery of the beans  
and now he is going to try to get a  
soldier boy to send them from Mex-  
ico, by Parcel Post. When Mr. Jim  
heard of this disposal of the bet, he  
used some strong language and ac-  
cuses Mr. Joe of backing water.  
Friends on both sides are doing what  
they can to compromise the matter  
and keep the case out of court. We  
are neutral on this can bet and  
want to keep out, but Mr. Jim has  
fairly won, and we believe in a fair  
deal, and will see that he gets the  
beans if it breaks the town. This  
bet, coming in the heated term, caused  
Mr. Jim's blood to heat up above  
zero, and the first thing he did with  
his new Buick, was to run over Mas-  
ter Wiley Serbiner's little dog and  
kill him dead under the proverbial  
"door-nail." Master Wiley was al-  
most heart-broken and said he did  
not blame uncle Jim, but that he just  
naturally hates the man who sold  
that car to Mr. Jim. Master Wiley  
gave his dog a decent burial, and  
places flowers on the grave every  
day; he has our sympathy, and we  
wish him better luck with his next  
dog.

Mr. and Mrs. A. H. Coffman and  
Master Harrison Leering, of Jack-  
sonville, spent Sunday at Literberry  
with friends, and attended the Ba-  
ptist Sunday school.

Mrs. Alphonse Ratliff and daugh-  
ters, Claudine and Celeste, are vis-  
iting her parents, Mr. and Mrs. Tay-  
lor Pray, at Honesuckle Corner.

Mrs. Mary Vastine, who has been  
visiting her parents at Sunny Slope  
on Sweet Brier Avenue, has returned  
to her home at Hastings, Nebraska.

Master Harold Lee Daniels, of  
Bonnie Doon Cottage, observed his  
second birthday Sunday by invit-  
ing his friends in to a noon day spread.  
A pretty birthday cake graced the  
center of the table, bearing two pink  
candles; he also received some pre-  
sents and many good wishes.

We had the pleasure last Wednes-  
day of spending the day with Mr.  
and Mrs. W. T. Willard, at their  
beautiful home, "Fair View" in the  
Zion neighborhood. This worthy  
couple have lived many years at this  
beautiful spot, and are enjoying the  
fruits of their labor, and keeping  
open house, as well as open hearts  
to their many friends. We found the  
Willards to be up-to-date, intelligent,  
hospitable and best of all, Christian  
people. We enjoyed our visit, so  
much that we are going back again  
some time. Mrs. Willard ordered  
some of that "Best Honey in the  
World."

Rev. C. G. Cantrill is busy erect-  
ing a portable hammock for the use  
of some dear children who will visit  
him and Mrs. Cantrill this week.

serve as local man for the Fox Fur-  
niture House.

Miss Helen Orms has been sick  
for several days. She with her moth-  
er and two sisters of Parsons, Kans.,  
are visiting their uncle, Frank Cur-  
tis and other relatives.

Mrs. Alice Wallis goes to Whit-  
Hall this week for a visit with her  
sister, Mrs. Wm. Strang and daugh-  
ters.

Miss Ethel Shoemaker of Rood-  
house visited friends over Sunday.

UNCLE SAM OPENS MORE LAND  
Spokane, Wash., July 5.—Hun-  
dreds of prospective settlers lined up  
at the Federal land office here today  
at the beginning of registration for  
the Colville Indian Reservation  
lands, which are to be opened to  
homestead settlement by proclama-  
tion of the President. The lands em-  
brace the entire south half of the  
reservation, lying in the fertile Col-  
umbia river and Okanogan valleys.  
The total area thrown open amounts  
to almost 400,000 acres. Nowhere  
in recent years has a more attractive  
opportunity been offered settlers in  
the opening of an Indian reservation.  
The adjoining county lying west of  
the reservation in the Okanogan val-  
ley and south and east thereof in  
the Columbia river valley, is already  
a prosperous farming section in  
which fruit growing, dairying, truck  
garden and diversified farming  
have been developed to a remark-  
able degree. Ideal climatic condi-  
tions prevail in the Colville reserva-  
tion. It is well watered by numerous  
running streams and already pos-  
sesses good transportation facilities.

Mr. and Mrs. A. H. Coffman and  
Master Harrison Leering, of Jack-  
sonville, spent Sunday at Literberry  
with friends, and attended the Ba-  
ptist Sunday school.

Mrs. Alphonse Ratliff and daugh-  
ters, Claudine and Celeste, are vis-  
iting her parents, Mr. and Mrs. Tay-  
lor Pray, at Honesuckle Corner.

Mrs. Mary Vastine, who has been  
visiting her parents at Sunny Slope  
on Sweet Brier Avenue, has returned  
to her home at Hastings, Nebraska.

Master Harold Lee Daniels, of  
Bonnie Doon Cottage, observed his  
second birthday Sunday by invit-  
ing his friends in to a noon day spread.  
A pretty birthday cake graced the  
center of the table, bearing two pink  
candles; he also received some pre-  
sents and many good wishes.

We had the pleasure last Wednes-  
day of spending the day with Mr.  
and Mrs. W. T. Willard, at their  
beautiful home, "Fair View" in the  
Zion neighborhood. This worthy  
couple have lived many years at this  
beautiful spot, and are enjoying the  
fruits of their labor, and keeping  
open house, as well as open hearts  
to their many friends. We found the  
Willards to be up-to-date, intelligent,  
hospitable and best of all, Christian  
people. We enjoyed our visit, so  
much that we are going back again  
some time. Mrs. Willard ordered  
some of that "Best Honey in the  
World."

Rev. C. G. Cantrill is busy erect-  
ing a portable hammock for the use  
of some dear children who will visit  
him and Mrs. Cantrill this week.

The Practical Bible Class of the  
Woodson Presbyterian church will  
serve Burgoo soup and ice cream  
next Friday, July 7th at noon. Ev-  
erybody come. The soup will be  
served on the church lawn.

Mr. and Mrs. Charles Carroll and  
children spent Sunday in Woodson  
at the home of Mr. and Mrs. Stacy.

Hardin Sheppard of California is  
spending a few days at the home of  
his parents, Mr. and Mrs. I. D. Shep-  
pard near Woodson.

Born to Mr. and Mrs. Roy Boun

### MOST DEVELOPMENTS OF MARKET CHARACTER ARE FAVORABLE

Mexicans as a Group are the Outstanding Feature—U. S. Steel Serves More than Any One Stock to Stabilize Market.

New York, July 5.—With the exception of a belated advance in call money to 4 1/2 per cent, the highest rate for this form of accommodation since December, 1914, most developments and advices of a market character over the holiday were accepted as distinctly favorable. Mexico's conciliatory attitude, the further success of the allied drive in the western war arena and the optimistic views of authorities in the steel and iron industry were factors of primary importance.

Mexicans as a group were the outstanding features, Mexican Petroleum gaining five points with 3 for the preferred. Texas company rose four points, presumably in consequence of the 200 per cent dividend recently declared by one of its subsidiaries.

United States Steel served more than any one stock to stabilize the market being freely absorbed in blocks of 1,000 to 8,200 shares at 86 1/2 to 87 1/2, closing at a mere fraction under its best in the face of continuous profit taking. Steel's contribution of about 60,000 shares represented approximately twelve per cent of the day's business. Some of the recently weak munitions and equipments were better by 1 to 3 points, with as much for the prominent motor shares. Shipping stocks were in steady demand.

Total sales amounted to 480,000 shares. Bonds were firm. United States bonds were unchanged on call.

**KANSAS CITY MARKETS.**  
Kansas City Stock Yards, July 3.—Extra good stockers and feeders are scarce, but some are coming, total receipts are fairly liberal and will increase from now on. Shipments out last week were nearly 11,000 head, which was three times as many as same week last year, mostly because flood waters hampered the movement a year ago. Prices advanced slightly last week but sales were a shade lower Monday this week. Bulk of regular stockers and feeders sell within \$7.25 and \$8.00, but a few stock steers bring up to \$8.50, and good fleshy feeders sold to Illinois men last week up to \$9.00. Receipts Monday this week were held down by the national holiday, amounting to 8,500 head. Some fair to good Oklahoma feeders weighing 1100 lbs. sold at \$7.50, and the better kinds of breeding cows and heifers sold at \$7 to \$8. Commission men are receiving many inquiries about prospects for the fall supply of stockers and feeders, which promises to be of extraordinary proportions. Kansas will furnish an unusual number, Oklahoma pastures are full, and some of the best cattle counties in Oklahoma now send their cattle to the native division, having been released from quarantine restrictions within the last year. The panhandle country will send a large number this season, and they will be good, W. H. Barnett, Potomac, Illinois, stated the position of many feeders when he said here last week, on a cattle buying trip, "We are in need of cattle. For two years we have been running low on cattle and doing less feeding than formerly, but now conditions seem ripe for us to get back in. Our pastures are good and our corn is doing well." A few feeding lambs are available here around \$8.75, and breeding ewes

### EARLY ADVANCE IN WHEAT IS WIPED OUT LATER

Quotations Close Nervous at 1/4 to 1/2 of a Cent Net Higher—Corn Displays Considerable Firmness.

Chicago, July 5.—Bullish cable advices lifted the wheat market today, but the effect was nearly wiped out later owing chiefly to the smallness of decrease in the United States visible supply. Quotations closed nervous, 1/4 to 1/2c net higher, with July, \$1.03 1/2 and September \$1.05 1/2. Corn finished 1/4c to 1/2c up, oats off a sixteenth to 1/8c, and provisions unchanged to 15c higher.

Distinct weakness in the wheat market developed when the United States visible supply total was posted showing a decrease of 19,000 bushels in seven days whereas last year at the corresponding time the falling off was 2,246,000 bushels. On the decline commission house buying revived, and a rally was in progress as the session came to an end. Word of some improvement in export business helped the bulls a little at the windup.

Corn displayed considerable firmness despite ideal weather for the growing crop. Scarcity of offerings was a feature, especially in the July delivery.

Cats were relatively weak throughout the day. The main reason was that conditions promised fairly well for a big crop, 50,000,000 bushels more than was the case a month ago. Provisions rose to the highest prices yet this season, and held firmly notwithstanding that trade was light, and that hog values were on the decline. The explanation was that the monthly report of warehouse stocks had given an unmistakable advantage to the bulls.

**KANSAS CITY MARKETS.**  
Kansas City Stock Yards, July 3.—Extra good stockers and feeders are scarce, but some are coming, total receipts are fairly liberal and will increase from now on. Shipments out last week were nearly 11,000 head, which was three times as many as same week last year, mostly because flood waters hampered the movement a year ago. Prices advanced slightly last week but sales were a shade lower Monday this week. Bulk of regular stockers and feeders sell within \$7.25 and \$8.00, but a few stock steers bring up to \$8.50, and good fleshy feeders sold to Illinois men last week up to \$9.00. Receipts Monday this week were held down by the national holiday, amounting to 8,500 head. Some fair to good Oklahoma feeders weighing 1100 lbs. sold at \$7.50, and the better kinds of breeding cows and heifers sold at \$7 to \$8. Commission men are receiving many inquiries about prospects for the fall supply of stockers and feeders, which promises to be of extraordinary proportions. Kansas will furnish an unusual number, Oklahoma pastures are full, and some of the best cattle counties in Oklahoma now send their cattle to the native division, having been released from quarantine restrictions within the last year. The panhandle country will send a large number this season, and they will be good, W. H. Barnett, Potomac, Illinois, stated the position of many feeders when he said here last week, on a cattle buying trip, "We are in need of cattle. For two years we have been running low on cattle and doing less feeding than formerly, but now conditions seem ripe for us to get back in. Our pastures are good and our corn is doing well." A few feeding lambs are available here around \$8.75, and breeding ewes

CHICAGO MARKETS

Union Stock Yards, Chicago, July 5—Oliver S. Green with Walter Bros. U. S. Yard, Chicago reports the estimated receipts for Monday July 3:

9,000 cattle.  
32,000 hogs.  
20,000 sheep.

The scant pre-holiday market put new life in the demand for all desirable beef cattle. The range of the advance was 10 to 25c advance. But a few well fattened good steers were among the offerings. Well fattened cattle 1608 avg. made 11.25 but they were not extra quality but finished in flesh. While packer's needs were not large as the killing plants will not be running tomorrow shippers had a good order. Plain and medium lots steady. Canner trade dull. Bulls steady. Calves steady to strong.

The outlet for feeders was small and the run was light. Prices unchanged.

Hogs 5 to 10 higher than Saturday's average. Shippers were fairly good buyers. Speculators were cautious buyers at the start. Prime butchers showed most advance and were scarce. The market slowed down at the close.

Sheep were comparatively scarce and prices held about steady. Native lambs 25c lower. Rangers little change in price.

Farmer fed yearlings reached 9.60. Native lambs top at 10.75. Bulk of offering closed by 11 and general quality as usual.

Cattle Quotations.

Native Beef steers.  
Good to prime heavy heaves 10.80 to 11.30.

Good to Choice corn fed 10.00 to 10.75.

Medium and good short feds 9.40 to 9.90.

Plain to decent warmed ups 8.40 to 9.35.

Common to plain grass steers 7.60 to 8.40.

Inferior to rough grass steers 7.00 to 7.65.

Common to medium yearlings 8.00 to 9.50.

Good to Prime yearlings 9.75 to 11.00.

## SECOND ANNUAL PICNIC OF MT. EMERY BAPTIST CHURCH

Affair Held at Old Fair Ground—  
Large Crowd Present—Baseball  
and Other Athletic Events—Furnish  
Amusement.

The second annual picnic and service of the Brotherhood of Mt. Emery Baptist church was held at the old fair ground July 4. The event proved even more successful than the one of a year ago and was thoroughly enjoyed by all. There were between 600 and 800 people present and during the day many white citizens visited the grounds.

During the morning printed programs of the day's exercises were distributed around the business district and each visitor at the grounds was furnished with one.

Charles Tinsley, chairman of the amusements committee kept things moving all the time and was highly complimented on the manner in which the program was carried out.

A chorus of fifty voices directed by Mrs. Mallory proved one of the big hits while the contest drills by girls in fancy costume was one of the big features of the day. The program follows:

Baseball game between the First Ward made up of employees of J. Cohen & Sons and the Fourth Ward All Stars resulted in a victory for the Fourth Ward by a score of 11 to 5. Batteries for the First Ward, Angelo, Campbell and Robinson; Fourth ward, Carpenter, Wheeler and Stewart. Umpires, Sutton and Campbell.

The second game of baseball was between the Brotherhood team and the Fourth Ward All Stars resulting in a score in favor of the Brotherhood by 11 to 2. Batteries, Brotherhood, Duncan and Sanders; Fourth ward, Jones, Carpenter and Stewart; Umpires, Norton and Baker.

50 yard dash—Cecil Johns, first; Clifford Hayden second; Roy Brannum third.

Baby show—Sutton baby first; Hayden second, Berry third.

20 yard dash free for all—Duncan first, Brannum second.

Half mile walk—Tinsley first; Louis (Fiddler) Jackson, second.

Babby show—Sutton baby first; Mounts baby second; Majors baby third. Judges—Misses Allen, DeWitt and Mrs. Fountain.

Fiddlers contest—James Conley first; Will Robinson second; William Guthrie third.

Chorus of fifty voices singing the following songs: "Swing Low Sweet Chariot," "Old Kentucky Home," "Massa's in the Cold, Cold Ground," "Ring Dem Heavenly Bells," "Carry Me Back to Old Virginia," "Emancipation Day," "Suzanne, River," "Happy Little Dinkies on the Levee," "My Dear Old Cabin Home," "Old Black Joe," "Steal Away," "Is Everybody Happy."

Drill contest—Folk Drill by couples, Katherine Hayden and Willivee Majors first; Grace Moore and Gladys Hayden second.

Mountain drill by three—Gladys Hayden, Grace Moore and Willivee Majors first; Gladys Moore, Katherine Hayden and Iva Mallory second. Judges—Misses DeWitt and Allen and Mrs. Laura Allen and Messrs. Parrish and Sutton.

The last number was the spelling of the word Brotherhood in a drill by girls closing with the singing of "My Country 'Tis of Thee."

Mrs. W. W. Dickey of Pittsfield is the guest of her cousins, Mrs. C. A. Catlin and sisters of West State street.

### Fourth of July Party.

Mr. and Mrs. Wm. Acondell were host and hostess to nineteen of their relatives Tuesday. The gathering was in honor of the relatives, Mrs. Lottie Orms and three daughter of Parsons, Kansas, who are here visiting.

Those coming for the occasion brought well filled baskets of good things to eat and at 12:30 dinner was eaten on the lawn south of the house.

It would take some time to name all the good things that were spread on the table to satisfy the appetite of the company. During the course of the dinner two pictures of the party were taken by C. D. Chapman.

After all had done justice to the dinner the afternoon was spent in social way with piano music by the Misses Orms, Leta Howard and Russell Chapman. The children and some of the older ones, also enjoyed marching over the lawn in patriotic style, carrying flags and looking very soldier like. Late in the afternoon the party disbanded until after supper when the most of the folks went down to the home of Mr. and Mrs. C. D. Chapman to witness the display of fireworks. The day and evening was pronounced a very happy one for those who were present.

The dinner party was as follows: Mrs. Lottie Orms and daughter, Lela, Ruth and Helen of Parsons, Kansas; Frank Curtis and son, Roy; Mrs. Terry Howard and daughter, Leta; Miss Mabel Garvin, Mr. and Mrs. C. D. Chapman and children, Russell and Anna Frances, Misses Mabel and Linnie Blevins, Mr. and Mrs. Wm. Arendell.

Miss Mary Ballard of Hillview is visiting Mrs. Wm. Huggins and other friends.

W. L. Chapman and family of Jerseyville motored here Saturday night and spent Sunday with his mother, Mrs. Hannah Chapman.

Mrs. Wm. Rinney and children have been in Jacksonville this week visiting Mrs. Chas. Sanders.

## FOURTH OF JULY SNAKE STORY

Concord, July 5—On the afternoon of the 4th, a farmer living less than three miles from Concord, had occasion to draw water for his stock quite a distance from the house. The well is located in a pasture and is one covered with loose boards and has a curb and well buckets and a chain. When the farmer uncovered the well he was startled by seeing a snake about 3 1/2 feet long swimming around on top of the water, which was only about 4 feet from the platform. The snake seemed to be hunting all around the tight brick wall for chance to rise up to terra firma once more. After a deal of hard thinking the farmer hunted around and found a crooked rough stick about 8 feet long and reached down to the middle of Mr. Snake and gently lifted him out, dumping him on the other side of the well. In about ten minutes the snake let go of the stick and beat it for parts unknown. What would you have done under like circumstances Mr. Editor? Assisted the snake or left him to a watery grave? This story is strongly vouched for by an old Journal reporter who is strictly sober at all times, 4th of July included.

## 'Healthgrams' On Skin Flashed to Thousands

One of Nature's signals is an unhealthy skin. It is a scientific fact that the skin indicates the condition of the blood and the blood is the building material for the body and all its vital parts. Unless the blood is nourished and kept rich and healthy, it will eventually react on the organs it feeds and reduce the individual to a pitiable condition. Little do people realize the physical ailments that drain away strength and vitality and that can be traced straight to the poor supply of blood. Pimples, Eczema, Salt Rheum, Rheumatism, Carbuncles, Boils, Catarrh with its obnoxious results and the tendency to easily catch cold, Malaria and scores of other equally serious ailments, are all manifestations of bad blood. For over 50 years S. S. S. has been a mighty remedy for these disorders. Thousands of men and women have been relieved or actually cured by S. S. S. Many of them had spent years and hundreds of dollars for other remedies in a fruitless endeavor to regain health—a marvelous tribute to S. S. S. S. S. S. is purely vegetable and when taken into the stomach is absorbed by the blood, supplying certain elements which stimulate the action of the blood corpuscles and help them drive out impurities and build up the system. With such a tried and true medicine awaiting you at the closest drug store, will you go on suffering and looking badly when so many others similarly afflicted have turned to S. S. S. and found the meaning of perfect health. Our Medical Department will gladly advise you about your case without cost to you if you wish to avail yourself of this service. ## Escape TOOTH Troubles

—by keeping your teeth REALLY CLEAN.

"But," you say, "I brush my teeth regularly, yet they decay." Yes, you brush them, but do you REALLY CLEAN them? Tonight, after brushing your teeth, examine them closely. You will likely find an accumulation of tartar on the enamel and bits of food deposit hiding in the crevices.

Decay, as well as the dangerous gum disease called Pyorrhea, usually develops only in the mouth where germ-laden tartar is present.

SENRECO, the formula of a dental specialist, keeps the teeth REALLY CLEAN. It embodies specially prepared soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.

## Real Reason for Baldness

Hair Falls When Certain Elements  
Are Missing. Also Killed by  
Alcohol in Hair Tonics.

Thousands of men and women have been killing their hair by the alcohol contained in hair tonics. It

has now been discovered that alcohol makes hair shrink, dries up the secretions, and kills the vitality of hair.

The most important discovery, however, is that hair falling, grayness and dandruff nearly always result when one or more of the principal elements of hair are missing. Hair has now been analyzed and its elements known. When these missing elements are restored, all hair and scalp troubles vanish and hair is compelled to grow luxuriantly.

This is why the greatest hair discovery ever known, VOLA-VITA, has done many remarkable things to hair and scalp. It positively restores the missing elements. That's why it forces hair to grow luxuriantly on heads shiny bald for years. It stops dandruff and itching positively. Hair stops falling because it increases wonderfully in vitality. VOLA-VITA scientifically restores the vigor of the color glands. That's why it absolutely restores the original color to gray, faded or bleached hair, no matter what the original color was. It is not a dye. It contains no alcohol. It does what no other hair treatment in the world can do. It grows hair. Use it and that'll prove it. Start now. Satisfaction guaranteed.

VOLA-VITA is sold at all drug stores at \$1.00 a bottle, or sent direct by Volavita Mfg. Co., Chicago, Ill.

Sold in Jacksonville by J. A. Obermeyer & Son, Lee P. Allcott, Armstrong's Drug Store, Coover & Shreve, J. A. Loug, Gilbert's Pharmacy and C. L. DeFew.

**COMMUNITY INTERESTS DISCUSSED BY FEDERATED WOMAN'S CLUBS**

Annual Session Held at Nichols Park Wednesday—Broader Scope Asked for Anti-Tuberculosis Work.

The county federation of clubs met in annual session yesterday at Nichols park with a fairly good attendance. The date was unfortunate coming immediately after the Fourth of July and at a time too when farmers are so busy but still a good many were present. The date was unavoidable as it was the only time the speakers could be had. Mrs. E. D. Canno of Pittsfield and Mrs. Eugene Cleary of Mt. Sterling, county vice presidents of the district federation were honored and welcome guests. Mrs. Benjamin Lorton, president, occupied the chair and introduced Walter Thurber of Chicago, secretary of the State Anti-Tuberculosis society as the first speaker. Later Dr. R. E. Hieronymous and Dr. Josephine Milligan made addresses.

**Favors County Sanitarium.**

Mr. Thurber stated the objects of his address to be the advancement of the plan to secure a county sanitarium for the treatment of tuberculosis according to a law which authorizes counties, by referendum vote, to levy a tax not to exceed three mills on the dollar for the purpose. There are to be three directors and they must have no connection with the county almshouse. Patients able to do so may pay for their treatment but no part of the law requires them to do so. The state will lend its corps of workers to aid in boosting the enterprise and when a petition of a hundred legal voters to have the question submitted is presented the county clerk may then be required to put it on the ballots and a majority of the votes cast on the subject makes it a law. Work should be done in both city and county, among the churches, and politicians; a part should be taken in parades on other occasions; especially should the women of the community be enlisted in the work. "A sanitarium should not be built before it is needed. It is probable that women will be enabled to vote on the subject. It will be well to have the law amended so that small counties like Calhoun and Brown may send their patients to an institution in a larger county since it would hardly be possible to have one in them. The campaign will be for good even if it fails at the polls. The matter of fumigation of dwellings after the death or recovery of tuberculosis patients should have far more attention as otherwise the disease will spread with evil results."

**Program of Local Work.**

The society tendered the speaker a vote of thanks and then listened to Dr. Josephine Milligan on what has been done locally so far in fighting tuberculosis. This is the banner city in the state for the sale of Red Cross seals. An effort has been made to ascertain the number of persons suffering from tuberculosis in the counties of the state. Of the 102 counties of the state 92 responded. Maps on the wall showed the results which however are not conclusive as many persons are unwilling to admit the existence of the disease in their families. Especially does it need trained workers to ascertain the actual facts. In Jacksonville much has been accomplished and now the Glackin law will supply a fund for the uses of the organization. One difficulty is in providing quarters for sufferers. The hospitals don't like to take them. The county commissioners have given permission to erect a tent but it has not been done tho much has been accomplished.

**The Damage from Ignorance.**

Miss Coale, anti-tuberculosis nurse told of some pathetic instances. A colored woman, sick in bed with the disease and kindly kept at the home of a colored family quite poor, was found right in the house where the family of several children were all exposed. A tent was erected for her and a nurse secured. She told of other instances where poverty and ignorance of the laws of health and contagion had wrought evil and would be likely to work much more. Some sort of a retreat for indigent persons suffering with the disease should be provided and the nurse should have power to compel fumigation after the removal of the patient. There should be complete registration of all cases and care taken to segregate all patients. Tuberculosis exists as much in the country as in the city.

The gathering then adjourned to the shade of some trees where tables had been provided and partook of a generous lunch.

**Community Effort.**

After dinner Mrs. Lorton introduced Dr. R. E. Hieronymous, community adviser of the state university at Urbana. His theme was regarding the work of the Illinois social survey, a cooperative investigation of school conditions and school efficiency; initiated and conducted by the teachers of Illinois in the interest of all the children of all the people. The work of the survey is to ascertain a great many facts and then proceed accordingly. Blanks are sent out asking for information regarding each community, its library, press, moving picture theaters, etc., lectures, lyceums, chautauques, etc., clubs classes, collections, societies, museums, etc., schools and classes not included elsewhere in the survey, health, recreation, religious, special days and occasions.

Regarding each one of the above named ten topics a sheet is sent out with a long list of questions to be filled out by the recipient and returned to Dr. Hieronymous. The gathering at the university June 20-22 was largely attended and greatly beneficial. The gentleman's address was a masterly affair and it would be a pleasure to print it in full if space permitted.

Great strides have been made as

in the case of the anti-tuberculosis work but much yet remains to be done. Many think there is some royal road to the work and often when I visit a community they think I bring with me a complete recipe and plan for the whole work. There are many drawbacks. A society will be formed and seem to have great prospects but gradually the men will withdraw and then they will begin to question its acts and motive and decide that it betetr be chloroformed.

**School Need Betterments.**

We used to regard the district school as sacred and above reproach and one which must not be touched, but we are learning many things. Them after of recreation, good roads and many other questions are coming to the front. The health of the individual is a matter which concerns the whole community. The community should be the unit of our action. A place recently had 36 cases of typhoid fever and six deaths and it was traced to the public water supply. Great good will come from the anti-tuberculosis society for it is a step in the right direction. The high school is the best illustration of a community interest. We must remember that a great work remains to be done if the ideas of the community interest are to be carried out. People must be educated and gradually brought up to the standard.

Religion is a matter of imperative importance too for without it no progress can be stable. The Creator will not make a good community without your help. He will not work miracles to help you out but will do His part if you do yours. It will require united effort and great labor but the end to be attained is well worth all the cost.

Dr. Hieronymous was heard with deep interest and thanks were tendered him by a rising vote.

**NOTICE TO CONTRACTORS**

Sealed bids will be received for the construction of the improvement of South Main Street, from the South line of the Public Square to the center line of Morton Avenue; and also, on East State Street from the East line of Alley D. to the C. It is estimated that there will be about 13,121 sq. yds. of tar Macadam Wearing Surface, 3" in thickness, about 13,121 sq. yds. of brick paving, on a 5 inch Crushed Stone foundation with 6" of Concrete, a 2 inch Sand Cushion, and a Grout Filler, to be laid in Car Tracks, complete, on South Main Street in said city.

Also, on East State Street—6,383 sq. yds. of Tar Macadam Wearing Surface, 3" in thickness, and also 1,953 sq. yds. of Brick paving, on a 5" Crushed Stone foundation, with 6" of Concrete, a 2" Sand Cushion and a Grout Filler for paving of Car tracks.

Bids for the two streets must be separate and distinct bids.

Said improvement shall be constructed and made in accordance with the Ordinance providing for the same, and the maps, plats, plans, profiles and specifications for the same on file in the office of the City Clerk of said city.

Proposals must be made on blanks furnished by said Board, and in compliance with the instructions thereon attached, which can be had on application to the Engineer of said City, and must be accompanied by cash or by a certified check payable to the order of the President of said Board of Local Improvements in his official capacity, certified by a responsible bank, for an amount not less than ten (10) per cent of the aggregate of the proposal.

Work must be commenced at once and the material must be on the ground by August 10th, 1916. The Contractor shall be paid in cash, and bonds, the latter to draw five (5) per cent interest.

No bids will be accepted unless the party offering it shall furnish evidence satisfactory to said Board of Local Improvements, that he has the necessary facilities, ability and pecuniary resources to fulfill the conditions of the contract and execute the work, should the contract be awarded to him.

In case the successful bidder shall refuse or neglect to enter into a contract prepared by the said Board, then the certified check of such bidder shall be held and cashed and the proceeds thereof retained as liquidated damages.

Bidders will examine the Ordinance, maps, plat, plans, profiles and specifications, and also the locality in which said work is to be done, and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

The Board of Local Improvements reserves the right to reject any and all bids, as authorized by law.

## TAX OBJECTIONS HEARD IN THE COUNTY COURT

Judge Thomson Sustained Several  
Objections and Overruled Others

Judge Thomson in the county court yesterday was occupied with the hearing of objections to taxes made by the Chicago & Alton, Wabash and C. P. & St. L. In road district No. 1 the court upheld the objection of the C. & A. to its proportion of total tax of \$311.50.

In district No. 2 the court sustained the objection of the C. P. & St. L. to its proportion of a tax of \$1,000. The objections of the Wabash in districts 5, 6 and 7 were overruled. In district No. 8 the court sustained the objection of the C. P. & St. L. to its proportion of a tax of \$335.49. The several objections sustained were mainly because the records did not show that the road commissioners had proceeded in strict conformity with the law. The law provides that road districts can levy 61c on \$100 valuation for general purposes and extra sums for laying out, opening, widening and vacating roadways, but provides that the parties at interest shall agree upon the sums to be expended for this purpose and that the records must show the full details of such agreement.

In school district No. 18 in Meredosia high school district the objections made to all of the school taxes by the Wabash and various individuals were sustained. This finding was made because the circuit court recently entered an order to the effect that the school district had not been operated in conformity with the law. Objections to the park tax and the county tax were not decided by Judge Thomson, who gave the attorneys until tomorrow to cite authorities. It seems that the last legislature passed a law providing the special manner in which a tax for park purposes must be authorized and extended, and it is a question for the court to decide whether or not this affects a locality wherein a park tax has already been authorized by a vote of the people.

**RURAL CARRIERS CONVENTION JULY 7 AND 8**  
Arrangements have been completed for the annual convention of the Illinois Letter Carriers association to be held Friday and Saturday July 7 and 8. The sessions will be held in the county court room and the New Pacific hotel has been selected as headquarters.

The program as already outlined will be carried out. The address of welcome will be delivered by Mayor Rodgers, with response by Benjamin E. Bernius, Illinois State president. Other speakers who will address the convention will be Postmaster R. I. Dunlap, W. D. Brown editor of the R. F. D. News and J. J. Reeve, president of the Chamber of Commerce. It was hoped to have Senators Sherman and Lewis and Congressman Hainey present to address the convention. However their presence is demanded in Washington and it will be impossible for them to be present.

**ALEXANDER GUN CLUB HOLDS SHOOT**  
The Alexander Gun Club held a shoot Tuesday afternoon. The shoot was well attended and some good scores were made. A number of Jacksonville marksmen were present and were among the high guns. A. M. Master of this city broke 111 out of 150 and had a run of 57, standing second in the day's shooting. Miller of Decatur was high gun with 146 out of 150 and a run of 95. Cern of Ashland was third with 139 out of 150 and a run of 82. Greenleaf of Alexander was fourth with 134 out of 150.

## GRAND I. O. O. F. LODGE URGES CARE FOR SOLDIERS

Members of Order Who Enlist Will  
Have Special Favors Extended.

The grand lodge of Illinois of the Independent Order of Odd Fellows recently addressed a letter to all lodges in the state setting forth that now is a special time for the principles of the order to be exemplified in the treatment of Odd Fellows who have enlisted for army service. Grand Master Crowder in this letter recommends that each lodge keep its soldier members in good standing during their absence, paying their dues if need be from the special fund. Secondly, he recommends that each soldier member be furnished with an official certificate that shall not only be an evidence of his good standing in the order but may also be used as a means of identification. Thirdly, it is recommended that the families of soldiers shall be the special objects of fraternal care. The grand lodge is to recommend to the grand lodge that no per capita tax be required from soldier members for the time that they are in the army service, and in this way the burden will not fall heavily on the individual lodges. Quite a large number of Odd Fellows have enlisted in the service and if a further call to arms comes there will undoubtedly be a great many other I. O. O. F. men in the service.

The history of Odd Fellowship shows that the fraternity recognizes patriotism as one of the great virtues and the suggestions made by the grand master are entirely in accord with the principles of the order.

**PIKE COUNTY RESIDENT DEAD.**  
Eli Hoover, a pioneer resident of Pike county, died at the home of his son, Virgil Hoover, near Milton recently. The deceased was born Sept. 13, 1835, in a house which stood but a short distance from that in which he died. He was married as a young man to Miss Nancy Steward who died ten years ago. Following the death of his wife Mr. Hoover made his home with his son, Virgil, and in that home he received the tenderest care. The deceased was a successful farmer and was greatly respected in the community in which he spent so many years. He leaves four children, Virgil Hoover and Otis Hoover of Milton, Mrs. Della Good of Pittsfield, Miss Grace Hoover of Los Angeles, Cal., and a foster daughter, Mrs. Mary Brokaw of 749 East College avenue, this city.

**BURNED EYE WITH FIRE CRACKER.**  
John Putman, son of Mr. and Mrs. George Putman, of 218 Sandusky street received a bad burn Tuesday as the result of a firecracker exploding unexpectedly. The boy was playing in the yard of William Goebel of Duncan Place when the accident occurred. He had lighted the fire cracker and thrown it in the yard. After some minutes when it failed to explode he went out in the yard to see what the trouble was. He picked it up and was looking in the end, when the explosion occurred. The powder shot into the boy's eye burning it badly. He was immediately taken to a physician by J. Phillip Read. The wound was dressed and for a while it looked as tho the accident might be a serious one but yesterday morning he was able to see with the eye and nothing serious is expected.

## MR. STRAWN'S PROMPT ACTION SAVED BAD EXPLOSION

Alexander Man Placed Hand Over  
Tank Opening When Gasoline  
Caught Fire—Was Severely Burned

The automobile belonging to C. M. Strawn came near being destroyed by fire Tuesday when the gasoline tank caught on fire. Mr. Strawn was burned badly and the top of the car was destroyed.

Mr. Strawn accompanied by his wife, Miss Rose Ludwig, William Young, O. F. Trent and Martin Heinman started for Springfield about ten o'clock Tuesday morning. In Alexander they stopped for gasoline. While the tank was being filled one of the party lit a cigar and the gasoline immediately ignited. Mr. Strawn had the presence of mind to put his hand over the opening in the gasoline tank and thus kept the flames from going inside. Had this happened of course there would have been an explosion and the occupants would have been in grave danger of their lives. Mr. Strawn received severe burns on the right hand and the right foot and ankle. The rest of the party escaped without injury. Other than the top being burned away the body of the car escaped damage.

**A GIFT TO NICHOLS PARK.**  
For some time past the park board has cast longing eyes toward the bathhouse on the lake and owned by G. A. Sieber but had no means with which to buy it, but Tuesday night Mr. Sieber informed the chairman of the board that he would make the board a present of the building, he to reserve some loose lumber inside the structure and some tools. As soon as the board meets it will undoubtedly tender the gentleman a suitable vote of thanks for his gift and then take steps to get the boat in it removed and convert the structure into a dressing place for persons who desire to bathe in the lake. While not all that could be wished the house will still do something toward filling a long felt want and with succeeding years the board will hope to do much more for would be bathers.

The park should have such an affair as was undertaken some years ago; a pool with a part shallow for children and another part deeper for adults. It was begun and then abandoned and the material prepared for it was used in other directions and the board has not since had the money to revive the plan. It is of little use to spread sand and gravel on the bottom of the lake and try to make a beach as all such material would soon sink out of sight in the mud.

**FAMILY REUNION.**  
Mr. and Mrs. Arthur Scott, accompanied by Mr. and Mrs. Joseph Fish, drove to Jacksonville from Chicago in Mr. Scott's car, arriving here Tuesday morning and are guests at the home of Mrs. Scott's parents, Mr. and Mrs. George Brown on East College avenue. Tuesday morning Loren Cannon drove to Curran and brought Mr. and Mrs. John Scott to the city, parents of Arthur Scott, Mrs. Fish and Mrs. Cannon, and a pleasant family reunion was the result.

**WILL ENLARGE BILLIARD ROOM.**  
Messrs. Franks and Randall, proprietors of the Drexel Billiard rooms will lease the room recently vacated by George Salby and connect it with their present establishment. The wall will be removed and billiard and pool tables installed. When the improvement is completed the room will have sixteen tables and will have the largest room in the city as well as one of the largest in the state outside of Chicago.

## JACKSONVILLE HAS SUCCESSFUL INDEPENDENCE DAY CELEBRATION

Observance Opens With Band Concert  
in Central Park—Fireworks at  
Nichols Park in Evening Close Exercises.

The Nation's birthday was successfully celebrated in Jacksonville and no serious accidents occurred and there was not an arrest of any kind made. There were no fire alarms and all was generally orderly and decidedly sane. The usual firecrackers and noise producing articles were used by the rising generation.

The exercises of the day were opened with a concert by the Jeffries band which played in Central park in the morning and at Nichols park in the afternoon and evening. Owing to the absence of Prof. Jeffries his place was ably taken by J. Bart Johnson and the band did admirably as is always the case with that organization.

The balloon ascension for central park was also a fine success and the daring aeronaut, R. R. Wiswell, deserves much praise for the success of his part of the events of the day. There was practically no wind which made the ascent all the easier and after ascending to a good height he came down a few blocks west of the square.

**At Nichols Park**  
After dinner the program was carried out at Nichols park where a great throng gathered and proceeded to have a good time in various ways. A great many brought picnic dinner and supper and spent the day on the grounds.

**The Swimming Exhibition.**  
One chief feature of the day was the swimming exhibition by the members of the Y. M. C. A. with Mr. Snyder director and Prof. J. H. Rayhill announcer. In addition to the swimming team, a good many young persons availed themselves of the use of the diving board and their performances were a decidedly attractive feature of the day. The following was the program:  
Rhythmic breathing. The secret of success in swimming is the ability to breathe properly.  
Demonstration of the most popular strokes.  
English crawl stroke, Carpenter.  
Australian crawl stroke, Glen Bartlett.  
Swedish breast stroke (as taught in the navy), H. A. Brewer.  
Swedish back stroke, Brewer.  
Single overarm back stroke, Carpenter.  
Double overarm back stroke, Harold Bartlett.  
Side stroke, Dunlap.  
English overarm side stroke, Peckham.  
Trudgeon stroke, Dunlap.  
Dog paddle stroke, DeSilva.  
Swimming race 100 foot dash.  
Tilting match.  
Life saving demonstration—Breaking the hold of a non-swimmer, method of towing non-swimmer to safety, artificial respiration by Shaeffer method and Sylvester method.  
Novelty relay race boat paddling.  
Fancy diving—Ordinary dive, front jack knife, running in the air, swan dive, soldier dive, flap jack dive, cannon ball dive, Australian splash, side dive, back forward dive and individual dives.

The swimming team consisted of H. Bartlett, G. Bartlett, M. Peckham, J. Barnes, R. DeSilva, H. Walker, R. Carpenter, H. Frye, H. Summers and H. A. Brewer.  
Daniel Kelly, the custodian of the park, drove the sprinkling wagon team all day and kept the dust well down in the park.

**The Fireworks.**  
By several qualified to estimate the attendance in the evening was the largest in the history of the park. James Trahey, the regular policeman, with a special detail of Perry White, Gus Vieira and Frank Baker were on duty in the morning and evening under the direction of the chairman of the park board and assisted by the secretary, T. J. Brennan, and every effort was made to have all pass off smoothly. The array of horse vehicles and automobiles was simply enormous but all was handled systematically and with out accident or trouble of any kind. There were whole acres of vehicles and all were required to enter at the west and go out at the east and thus collision was avoided.

The fireworks were displayed on the south side of the lake and the slope immediately south of the large pavilion was a mass of good natured humanity. The display was managed by DeMotte Gates and cheers rent the air as the band played "The Star Spangled Banner" and the flag were illustrated in the fireworks. The whole display was very creditable and elicited many warm words of praise.

**in the Pavilion.**  
Dancing was the order of the day in the large pavilion both afternoon and evening and a great many availed themselves of the opportunity to trip the light fantastic toe. The order was good and nowhere on the grounds was a disorderly or intoxicated person seen.
